The Tuesday evening social will feature a **Live PAC Auction**. NDPMA is asking its marketers and vendors to consider financial donations of \$250 or more to help offset the costs of the live auction items. If we all pitch in some money, every NDPMA member will be doing their part to enhance our legislative cause.

All proceeds from the live auction will go to the NDPMA PAC! This money is used to support business friendly political candidates.

If you have a prize to be auctioned, please label your item with your company name and drop it off at the convention registration desk Tuesday afternoon.

Convention sponsorships are greatly appreciated! All auction donations and sponsorships will be recognized throughout the convention.
