

Steg 1 - Last ned App og lag en bruker

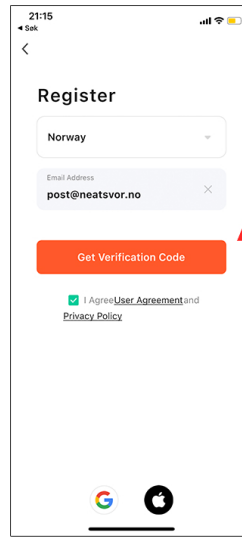

1. Last ned "Tuya Smart" App på din smarttelefon.

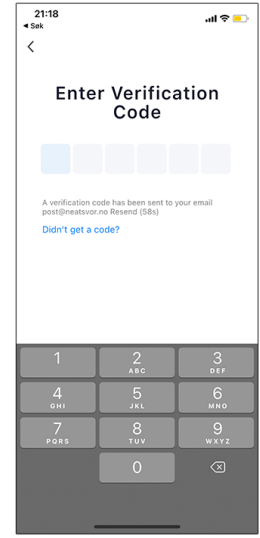

2. Trykk på "Sign Up".

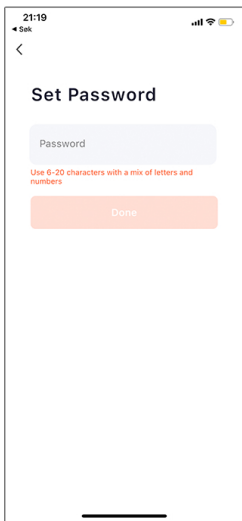

3. Velg land. Skriv inn e-post. Trykk "Get verification code".

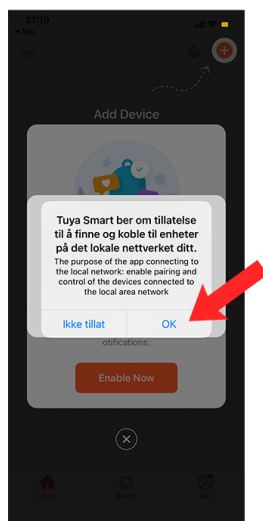

4. Skriv inn koden som du fikk på e-post.

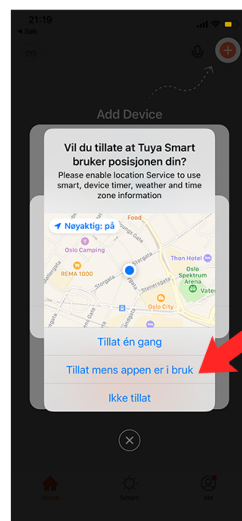

5. Skriv inn ønsket passord. Trykk "Done".

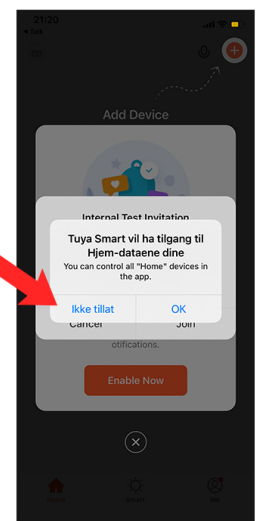

6. Trykk "OK".

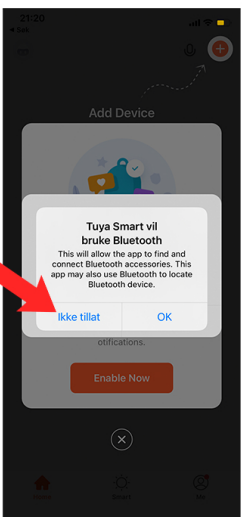

7. Trykk "Tillat mens appen er i bruk".

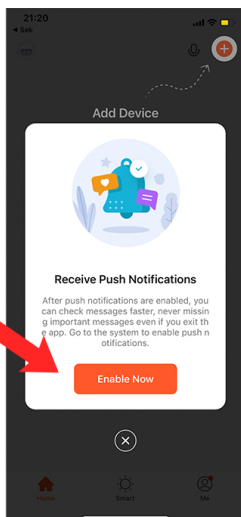

8. Her kan du velge, enten Ikke tillatt eller OK

9. Her kan du velge, enten Ikke tillat eller Ok

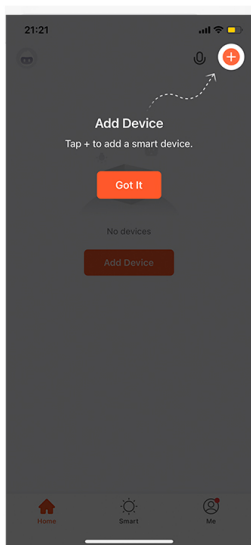

10. Her kan du velge, enten "Enable now" eller X

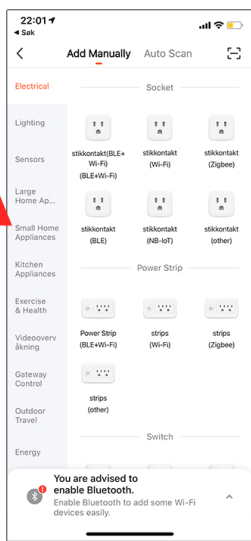

Steg 2 - Koble enheten til din smarttelefon

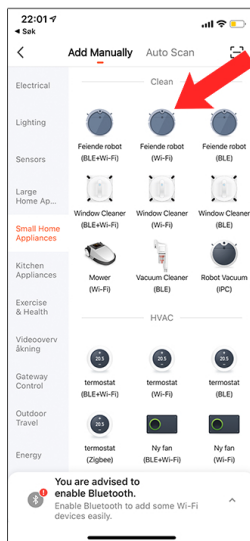

1. Trykk på "+"

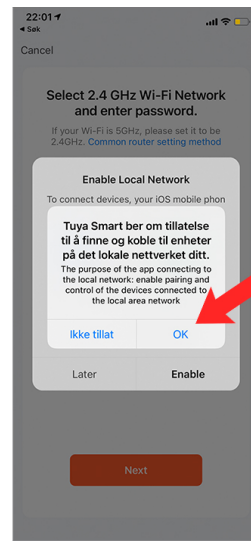

2. Trykk på "Small Home Appliances".

3. Bla deg nedover og trykk på "Feiende robot (Wi-Fi)".

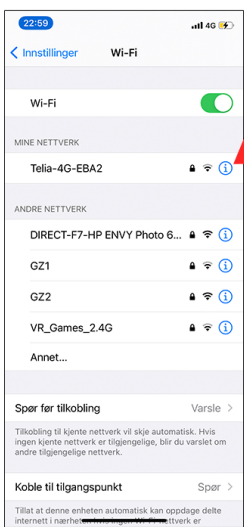

4. Trykk "Ok"

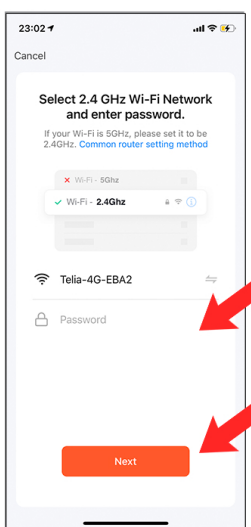

5. Koble telefonen til Wi-Fi.

På iPhone = Innstillinger -> Wi-Fi
(Telia-4G-EBA2 er kun et eksempel)

6. Skriv inn passordet på ditt Wi-Fi

Wi-Fi passordet er den du alltid bruker hjemme.

7. Når du er koblet på. Gå til ruterens for best signal

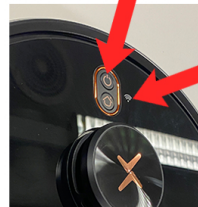

Ruter, mobilen og støvsugeren skal være på samme sted. Normalt 1 - 3 meter fra hverandre.

8. Gjør klar roboten

1. Skru den på

2. Trykk på knappen i 5 sekunder

3. Denne skal blinke

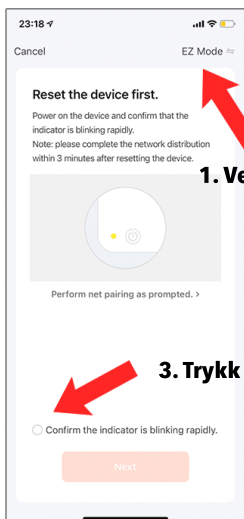

9. Viktig: Følg stegene her.

10. Koble deg til "SmartLife XXX" WiFi

iPhone = Gå på innstillinger -> Velg Wi-Fi -> Smartlife-XXX

11. Den søker...

12. Da er du ferdig og klar! Lykke til!

1. Velg AP mode

3. Trykk confirm
