

T3 AFFINITY

RETAIL SOLUTIONS

USE T3 AFFINITY FOR SHELL SCHEME

T3Affinity is a complete exhibition and display system which can be installed and dismantled very quickly, using no tools. There is an extensive range of retro fit accessories designed to support all graphic types (rigid, fabric and roll-up), shelving solutions, lighting accessories, monitor and tablet holders and the ability to be combined with the famous T3 System.

T3 Affinity is a competitively priced product suitable for a range of markets i.e. exhibitions, conferences, events, pop up displays, 'shop in shop' displays, shop interiors and so much more. The product is the ultimate solution when it comes to retail and exhibition display applications.

Use the T3 Affinity framework to create a variety of shell scheme floor spaces.

3X3 BOOTH

Shell scheme solution:

- The Exhibition floor space
 - Exhibitors graphics
 - Exhibitors plinths and counters
- = 1 competitive price

Traditional shell schemes divide floor space up into a variety of booth spaces for attending exhibitors.

T3Affinity is the ideal product to not only supply the system to divide the hall up but also a system which can support graphics and accessories for the exhibitors. It is your opportunity to provide a global solution to exhibitors which includes exhibition floor space, graphic panels, counters and all manner of exhibition accessories.

T3 Affinity can use a variety of shell kit clamps that allow the system to be combined with all manner of other display frameworks.

T3 Affinity can be used independently or it can be combined with a variety of shell kit clamps that allow the system to be combined with all manner of other display frameworks.

Do you already own a T3 modular framework system? Combine the two systems together with our T3 Adaptor (view our T3 Adaptor info sheet. With the use of the T3 system, you have access to all graphic types, like magnetic roll up, tensioned fabric and rigid panels.

This modular framework can support single profile walls up to 9m in length with a height of 3m.

You are not only supplying a shell scheme system but by using T3 Affinity you do not need to sacrifice any floor space.

The example below showcases how the T3 Affinity system can be used to create a multitude of 3m x 3m booth for exhibitors.
