

## Neste Cutting Neatoil K1

Metalworking oil for steel and yellow metals

### DESCRIPTION

Neste Cutting Neatoil K1 is a bright, low-mist and practically odorless metal working oil. Top-quality base oil and a new type of chlorine-free additive allow the product to be used for many different operations. Neste Cutting Neatoil K1 gives a good surface finish and long tool life and does not stain copper or brass.

---

### TYPICAL CHARACTERISTICS

Density kg/m <sup>3</sup> 15°C	878
Flash Point °C (COC)	226
Pour Point °C	-21
Viscosity cSt/ 40 °C	31
Colour ASTM D 1500	L2.0

---

### APPLICATIONS

Neste Cutting Neatoil K1 is made for the demanding machining of free cutting steel, alloyed steel and yellow metals. Due to its wide range of operation, Neste Cutting Neatoil K1 is suitable when different materials are machined by different operations.
