Academic literature about botanical additives

There are continuously being published academic journals in the field of botanical additives and their effects on animal's production parameters.

Over time, Nor-Feed A/S has collected a wide range of academic journals in these areas, and if you have any interest in literature in a specific area, you are more than welcome to contact Nor-Feed A/S for further information.

Nor-Feed A/S and its sister company Dumas Aps develop and manufacture a long line of natural antioxidants for the animal feed industry and for preservation purposes. For more information on these products, please contact Nor-Feed (office@norfeed.dk).
