Council for International Accreditation
of Architecture & Design

The Council for International Accreditation of Architecture & Design- CIAAD
is a leading International accreditation and certification platform

CIAAD is endorsed and affiliated with the world's most prestigious organizations in the fields
of design, standardization, and design education.

CIAAD seeks the integration of design disciplines under one umbrella, hence ensuring a holistic approach to design education and the continuous development of the architecture and design professions globally, with a particular focus on the integration, mapping, and engagement with the United Nations Sustainable Development Goals.

SUSTAINABLE
DEVELOPMENT GOALS

CIAAD is the official partner of the United Nations in implementing and advancing the Sustainable Development Goals (SDGs) worldwide.

In line with the SDGs and as we enter the Decade of Action, CIAAD has developed academic programs and certified master classes in collaboration with trustworthy partners across the globe to enhance professional expertise, ensure quality education, and enhance employability.

CIAAD | UN

OUR PARTNERSHIP

The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future.

At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership.

They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth – all while tackling climate change and working to preserve our planet.

SUSTAINABLE DEVELOPMENT GOALS

1 NO POVERTY

2 ZERO HUNGER

3 GOOD HEALTH AND WELL-BEING

4 QUALITY EDUCATION

5 GENDER EQUALITY

6 CLEAN WATER AND SANITATION

7 AFFORDABLE AND CLEAN ENERGY

8 DECENT WORK AND ECONOMIC GROWTH

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

10 REDUCED INEQUALITIES

11 SUSTAINABLE CITIES AND COMMUNITIES

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

13 CLIMATE ACTION

14 LIFE BELOW WATER

15 LIFE ON LAND

16 PEACE, JUSTICE AND STRONG INSTITUTIONS

17 PARTNERSHIPS FOR THE GOALS

CIAAD members play a significant role in the effective implementation and advancement of the United Nations Sustainable Development Goals UNSDGs through:

- Research
- Sustainability
- Innovation
- Technology
- Collaborations
- Accreditation and Certification
- Quality of Delivered Products
- Professional Development

The "**Emphasis in Beauty Management**" program consists of nine courses, offered twice weekly for six weeks each.

Students can register for up to three courses at once, allowing them to complete the program in a minimum of five months before beginning their Senior Thesis and Project.

Upon completion and passing of the final exams, graduates of the "**Emphasis in Beauty Management**" will receive an internationally accredited and attested degree from the United States.

EBM 30I: Freehand Compositions & Color Theory

COURSE DESCRIPTION:

This is a studio-based course that presents the students with a variety of drawing techniques to improve their drawing skills.

The course is divided into three main sections:

- Gesture drawing- sketching the basic forms of the subject without details.
- Contour line drawing- drawing the details of all the edges of the subject.
- Rendering phase- adding shadow to the subject to give it depth and realism.

LEARNING OUTCOMES:

Upon completion of this course, students will be able to:

- Practice different exercises of eye-hand coordination and visual composition.
- Apply freehand sketching techniques, line types, hatching methods and pictorial visualization to render 2 and 3D subjects.
- Perform ability to draw from observation
- Demonstrate the ability of applying freehand design, nuances, shades. Tattoo drawings on surfaces and skin.

CIAAD - UNSDGs

IMPLEMENTATION IN ACADEMIA & PROFESSIONAL DEVELOPMENT

Note:
The CIAAD Academic Division, in partnership with UNSDGs*, has envisioned a rough outline for the implementation of SDGs in projects and case studies. Workshop dates will be decided mutually between the University, institution, firm and CIAAD and can be adjusted to accommodate major deadlines, reviews or other activities. The lecture topics and timeframes will be customized to suit objectives and requirements.

SUSTAINABLE DEVELOPMENT GOALS

SDG #	SDG TITLE	DESCRIPTION	ACADEMIC IMPLEMENTATION
SDG 1	NO POVERTY	End Poverty in all its forms everywhere	Supporting those in need Training events for a cause Affordable Housing Design Smart & Modular furniture, Product design Shelters/ kiosks for small trading and businesses Donating what you don't use and re-use it smartly in design
SDG 2	ZERO HUNGER	Waste less food and support local farmers	Promoting sustainable agriculture solutions in projects Community gardens and landscape design Sponsorship campaigns Food Box- Labor support on events, occasions

Academic Affairs- Accreditation Division

SDG 3	Good Health & Well-Being	Ensure Healthy lives and promote well-being for all at all ages	Healthcare Design Wellness Design Recreational spaces Universal Design Natural ventilation Air quality Healthy circulation Sustainable products without toxic emission
SDG 4	Quality Education	Ensure inclusive and quality education for all and promote lifelong learning	Continuous Education Collaboration with certified and accredited institutions Exchange programs Study tours Case studies Workshops Designing active learning solutions
SDG 5	Gender Equality	Achieve gender equality and empower all women and girls	Inclusive Design Collaborative projects with groups of both genders Promoting projects and ideas for empowering women in society
SDG 6	Clean Water & Sanitation	Ensure access to water and sanitation for all	Sustainable solutions in water management Designing sustainable Spas, kitchens & Bathrooms Implementing sustainable building systems & codes Managing humidity for watering solutions
SDG 7	Affordable & Clean Energy	Ensure access to affordable, reliable, sustainable, and modern energy	Lighting Design Green energy and power Renewable, reliable, modern, and sustainable solutions in projects
SDG 8	Decent Work & Economic Growth	Promote inclusive and sustainable economic growth, employment, and decent work for all	Sustainable Business Introduction Professional Business Development & Management Organizational charts in projects allow for decent and productive employment for all Inclusive Design Supporting start-ups/ Entrepreneurship
SDG 9	Industry Innovation & Infrastructure	Build resilient infrastructures, promote sustainable industrialization, and foster innovation	Designing resilient infrastructures Building Information Modeling- BIM Innovative Design Industrial Design Designing and promoting inclusive and sustainable industrial methods
SDG 10	Reduced Inequalities	Reduce inequality within and among countries	Leaving no one behind Inclusive design Design & Connection between Humans Responsible Design Creating opportunities to shine Community Outreach

Academic Affairs- Accreditation Division

SDG 11	Sustainable Cities & Communities	Make cities and urban places inclusive, safe, resilient, and sustainable	Urban Design Residential Design Commercial Design Green and sustainable solutions Traffic management and transportation Designing proportional community facilities Design competitions
SDG 12	Responsible Consumption & Production	Ensure sustainable consumption and production patterns	Professional Business Management (Feasibility studies, SWOT analysis...) B.O.Q.s Waste management Estimation charts
SDG 13	Climate Action	Take urgent action to combat climate change and its impacts	Rethinking Design solutions Manage emissions Material resources and composition Colors, textures. Patterns Carbon footprint
SDG 14	Life Below Water	Conserve and sustainably use the oceans, seas, and marine resources	Building Systems & Codes Grey water management Seaweeds and other marine resources Reducing plastics Managing waste on the sea shores and beaches Design competitions
SDG 15	Life On Land	Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss	Preserving ecosystems Recyclable products and materials Building codes Designing in support of the environment
SDG 16	Peace, Justice & Strong Institutions	Promote peaceful and inclusive societies for sustainable development, provide access to justice for all, and build effective, accountable, and inclusive institutions at all levels	Designing is a mission Retaining Cultural Diversity in Design Continuous Education Acquiring International Professional accreditation
SDG 17	Partnerships for the Goals	Revitalize the global partnership for sustainable development	Take action: Affiliate with CIAAD Work towards Accreditation & Certification Engage in CIAAD partnerships with the United Nations
