

Member offering – Nordic Legal Tech Hub

As a member of the Nordic Legal Tech Hub, you become part of a Nordic network which is the driving force of developments within Legal Tech. You can look forward to connections to law firms, startups, tech firms as well as the public sector, interesting insights into the latest developments, and events to share and apply the knowledge.

In addition to the network and community, members of the Nordic Legal Tech Hub have several benefits.

Member, startup member and In-house Legal

- Access to the Nordic Legal Tech database: we have a list of Legal Tech companies and contacts in the Nordics, including law firms, startups, public organizations, faculties, and much more.
- The option to host events for either internal or external events. For public events, this includes the option to invite participants via our network and marketing.
- Event discount: discount / free participation on selected events organized by the Nordic Legal Tech Hub or member organizations
- Invitation to member-only events - including facilitated discussions on selected legal tech topics.
- Your logo on our website if you are a startup company or member company.

	In-house Legal	Startup member company turnover <5 million DKK/year	Member
Price per year	400 DKK / month <i>(Paid annually)</i>	800 DKK / month <i>(Paid annually)</i>	2.000 DKK / month <i>(Paid annually)</i>
Target Group	Personal membership for in-house legal professionals wanting to stay on top the digital trends of the legal- & reg tech-space <i>Must be educated within law, and work in a legal department – not in a law firm)</i> <i>Maximum of 3 personal members per company</i>	Typically, tech startups with legal tech & reg tech looking to gain access to the network of other tech providers and the larger law firms across the Nordics All relevant employees can participate	Law firms & established tech companies looking to influence and be inspired by the legal tech and reg tech agendas – and benefit from the strong network. All relevant employees can participate
