

NOURK

Always Work

NOURK Profile

The NOURK products range from solid stone bathtub, basin, toilet to brass faucet, showers and bathroom accessories etc.

For meeting the market's requirements, adhere to the rigorous professional manufacturing spirit, NOURK has built a whole professional sanitary wares production line. And let optimal balance being realized between the personalized customization, fast production and other many factors. On the side of NOURK quality, no matter the raw materials inspection and production procession control or finished production checking, through the strict quality control system of every procession, every finished product is almost perfect. This is also an outstanding success among the sanitary ware industry.

Italian original designing team, provide a nice, simple but fashion look for NOURK products.

NOURK is pursuing the complete perfection on the product, not only the innovative design, but also the comfortable function, and NOURK mould building engineer, the laboratory experts are strongly supporting these behind.

COLOR SWATCH FOR **NOURK** BRASSWARE

SANITARY WARES

The appeal of coloured brassware is widespread. designers look for new and innovative finishes in order to create distinctive looks in their designs. At NOURK, finishes are the essence that make our products stand out. We create finishes that stay true to the overall sense of style and craftsmanship that we aspire to bring to our costumers.

TOILET

NOURK's sanitaryware portfolio marries traditional craftsmanship with the latest innovations in technology and design.

We offer a limitless range of shapes, styles and finishes to suit any bathroom and work harmoniously with other fittings.

In addition to aesthetics, we want our costumers to have the most advanced bathrooms. Our rimless flushing system and soft-close toilet seats are some of the new technologies available in our collections.

The depth of our range in size, colour, finish and functionality makes the NOURK portfolio an ideal choice for new projects and refurbishment projects alike.
