GHOSTINTHEMACHINE

=====
IDEA: MACHINE INSTALLATION w WORDS

=====
In a state between being awake and falling asleep, an idea was constructed the other day about what could be made. We should do a machine installation with smoky, noisy, large machine humping and going where we could shout out the Futurist manifest by Marinetti (1909) translated into different languages by machine translation. In this way it would be a machine-made deconstruction of Marinetti.
