Nordic Summer University (NSU) is as a Swedish non-profit organisation. Since 1950, NSU has been an independent academic institution, which organises symposia that draw international participants across disciplines in the Nordic and Baltic regions. Particular attention has been paid to cross-disciplinary areas not yet targeted by larger research institutions. The practice of NSU addresses two fundamental premises of a knowledge-based welfare state: production of knowledge based on academic freedom and democratic practice of self-governance.
