HONORARY OBLATES

The Japanese Vice-Province has had an honorary Oblate in the person of Father Yoshio Takeda, OP, who helped the Oblates get established in Kochi Prefecture. His message appears elsewhere in this album.

On the occasion the 50th anniversary of the arrival of the Oblates in Japan, it was decided to add 2 Catechists who have served us well to this short list.

An honorary Oblate is a person who is associated with the Congregation so as to share in all the spiritual benefits of membership. It is the highest mark of esteem that we can bestow on a non-Oblate. Such a person is distinguished by years of devoted service to the Congregation and its mission in the Church. That person's life gives evidence of personal identification with the ideals and goals of the Congregation.

On this occasion therefore the Oblates have proposed to the Superior General that Takayoshi KONDO and Akihiko KIDO be made honorary Oblates. This request was accepted. The ceremony will be held after the Anniversary Mass to be celebrated on November 23, 1998.
