

## PRAYER REQUEST

Dear Brothers,

This is to request your prayers for the sick.

### **Mrs Gene Ondap (Bernard's mother):**

I just heard that Bernard's mother is admitted to the ICU since last night.

A year ago she was diagnosed with Myasthenia Gravis (chronic autoimmune, neuromuscular disease).

Let us pray for her speedy recovery.

### **Mrs Chono Rie (deceased Mike Yamasaki's sister):**

Last week Rie san went through arthroplasty (人工関節置換術)}, a surgical procedure to restore the function of a damaged joint with an artificial joint. Right now she is following a rehabilitation program.

Let us keep her in our prayers.

### **Fr. Bill Maher:**

Bill is doing good with his rehabilitation program and is able to walk on his feet.

He might return to the community soon.

Thank you for your prayers.

Take care.

Brad
