

Prayer request & Fr. Louis - interview

Dear Brothers,

Good Morning!

Today, our Superior General Fr. Louis Lougen celebrates his birthday! Let us pray for him and thank God, especially for his services to our congregation for the last 12 years.

Two weeks have passed since the beginning of the General Chapter. Tomorrow is an important day for the Capitulars as they go into a one-day retreat in preparation for the elections for leadership which begin on Sept.30th. Let us be united with them at this very important time, and continue to seek the guidance and inspiration of the Holy Spirit in choosing a new leader for our congregation to journey with us for the next six years.

**Fr. Len Inui:**

Len is in the Tokushima University Hospital for examination. Yesterday he went through a cardiac catheterization procedure to better diagnose his heart condition. According to his doctor, there were no major abnormalities or problems, and the examination was completed safely. Len will be discharged tomorrow.

**Mrs Gene Ondap (Fr. Bernard's mother):**

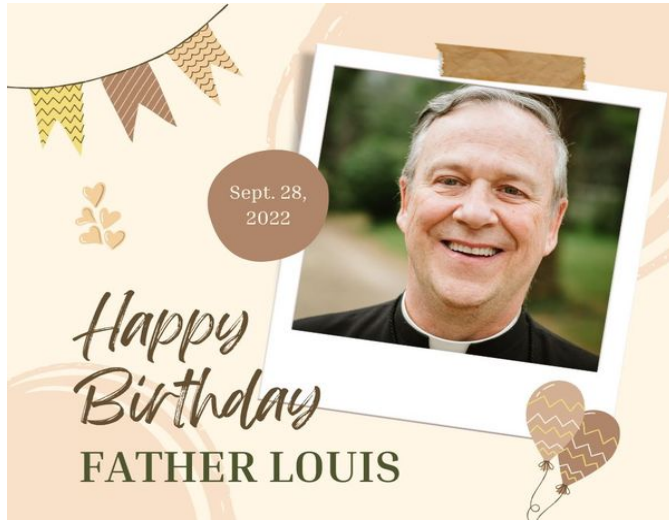

Bernard's mother is admitted to the hospital again. A year ago she was diagnosed with Myasthenia Gravis (chronic autoimmune, neuromuscular disease). Bernard was home to take care of his mother and is back in Koga.

Please remember to pray for Len and Bernard's mother.

Thank you.

Brad

Sept.28, 2022

Brothers,

More prayers!

**Fr. Bill Maher:**

Bill had a fall as he went out for a walk and is admitted to the hospital. The fall has left him with a fractured leg that may need surgery to fix a broken bone.

Let us keep him in our prayers.

Brad
