

OSKA MURANO[®]

OSKA MURANO

BEAUTY - JEWELLERY - ART
THE PERFECT LUXURY GIFT

BEAUTY - JEWELLERY - ART

A MESSAGE TO MY LOVED ONE...

WELCOME TO OSKA MURANO

Hello,

Thank you for browsing our latest brochure. We trust you will enjoy this edition and will be inspired by our latest hand made creations.

At Oska Murano, we create exquisite make-up brushes which combine the beauty and functionality of a professional head, the jewellery richness of using noble materials and the exclusivity of having been made by master artisans.

Our brushes come with a ferrule which is either gold plated, silver plated or enamelled which is married to a handle with the same finishes of which some can be dressed with crystals. The same applies for the fitted ring. A change from the norm.

However, you can upgrade these to “Masterpiece” status by taking them into the world of high-end jewellery and art. This is where the ferrules and handles are made of either silver or 18/24 k gold with the handles set with diamonds, precious and semi-precious stones - the same also applies for the ring.

These are beautiful investment pieces that shout luxury and exclusivity from every angle.

Designed & created by our team of master artisans in Italy - we look forward to welcoming you to our exclusive brand.

THANK YOU

THE OSKA MURANO BRAND

- Oska Murano is a brand set in the haute jewellery, luxury gift market & haute beauté market place.
- By only using the best components and most noble materials we are able to create incredible pieces that truly adhere to the motto: Beauty - Jewellery - Art.
- When you acquire an Oska Murano item you do in the knowledge that it is an investment in every sense of the term; personal, hereditary, historical and financial of course as gold and precious stones will always remain.
- An Oska Murano brush is as much a professional beauty brush as it is a statement piece - a collectors piece or simply a proof of love. It can be many amazing things.
- The Oska Murano brand has trademarks, patents and registered designs either acquired or ongoing and will be such for ever. You can rest assured that your investment is protected because we protect what we do.
- Your investment is further protected as no more than 99 of any style and set will ever be made in a year. 49 pieces for the Murano glass handles. Our build sheets don't go over 99 in any case and each brush comes with its own B.I.N (Build Identification Number) so you can see which one you have. From 1 of 99 to 99 of 99, that is it.
- We are a truly special brand for truly individual people.

OSKA MIURANO

THE COLLECTION

OSKA MURANO ARGENTO

POWDER BRUSH REFERENCE: L21-31293 ARGENTO ARG

The Oska Murano Argento is a 4 part brush consisting of a professional head fitted to a silver finish ferrule. This is dressed with a gold plated ring complete with emeralds, rubelites, tormeline and married to a silver finish handle.

Please note: we always mix and match many precious and semi-precious stones together in no particular order, making it even more difficult to find 2 of the same.

OSKA MURANO BABYLON GARDENS

POWDER BRUSH REFERENCE: L21-31293 BABYLON GARDENS 750

Oska Murano Babylon Gardens is a 3 part brush consisting of a professional head fitted to a gold plated ferrule joined to a gold plated trellis structure representing the hanging gardens of Babylon. In the masterpiece finish this is created out of solid gold.

OSKA MURANO CASINO GLAMOUR

POWDER BRUSH REFERENCE: L21-31293 Co3 CLEAR

Oska Murano Casino Glamour is a 3 part brush consisting of a professional head fitted to a gold plated ferrule joined with a hand crafted handle containing over 400 crystals, plus 1 centre piece on the crest of the tip of the handle.

These brushes can be upgraded to "Masterpiece Status" by creating the ferrules in solid gold and replacing the crystals with diamonds, precious and semi-precious gemstones.

OSKA MURANO CASINO GLAMOUR

MASTERPIECES

24K INFINITY RING WITH PRECIOUS STONES

CREATING YOUR MASTERPIECE

Q: HOW DO YOU UPGRADE AN OSKA MURANO BRUSH OR SET TO MASTERPIECE STATUS OR HAVE A MASTERPIECE CREATED FROM SCRATCH?

A: First you do not need to acquire an Oska Murano brush or set. You just need to choose a style from the Collection and the work can start from there.

Q: WHAT CAN YOU DO TO UPGRADE THE STYLE I HAVE CHOSEN?

A: Well pretty much everything. We only work with Master Artisans who have decades if not centuries of knowledge and experience at their disposal. Anything is possible.

Q: WHAT MATERIALS CAN WE USE?

A: Gold, silver or any precious metal. The ferrule goes from a gold plated ferrule to an 18 or 24 k ferrule. The same principles apply for the rings and handle. We then set diamonds or precious stones or semi-precious stones in the handle. Finally a special case is created for you to your colour specification.

Q: WHAT IF I WANT TO MAKE MY OWN?

A: It is easy! Draw what you wish the brush or collection to look like. We will create a 3D illustration for you to visualize it. If we have captured your idea then you sign it off.

We then go on to specification: which precious metal you wish to use, which diamonds or precious stones you wish to set. We draw up the specification, you confirm it and sign it. And we start to create it.

Q: HOW LONG WILL IT TAKE TO MAKE?

A: Between 3 and 6 months depending on work load and availability. Remember some handles can carry over 400 diamonds and some sets up to 3,500 stones. So it is truly spectacular work.

Q: ANYTHING ELSE?

A: Yes actually. When you order a Masterpiece you automatically get registered as a “Collector” with Oska Murano and the full benefits associated with this which includes the right to have the 1 of 1 certificate and the ability to check how many pieces have been made and where these are in the world.

PLEASE NOTE: *All pieces are numbered and all pieces are made by certified Master Artisans.*

DIAMONDS, PRECIOUS & SEMI-PRECIOUS STONES

We take pride with the many different types of stones we work with; from diamonds to precious stones along with a range of semi-precious stones. Here is a brief list of some of the stones we work with and a guide to the general colour to help your selection. We are not limited to just these.

DIAMONDS

- Clear

PRECIOUS STONES

- Emeralds: green
- Sapphire: several colours
- Rubi: red

SEMI-PRECIOUS STONES

- Zavorite: rich green / green / yellow
- Eggmarine: light blue
- Tourmaline: all colours
- Amethyste: violet
- Tanzanite: blue / violet
- Apatyte: light blue / green
- Rubelite: red
- Spesarlite: ocre

PRIVATE COMMISSION & LABEL

Private commissions are most welcome. We only work with Master Artisans and can produce whatever your heart desires.

PLEASE NOTE: *Prices and specification are subject to change. We reserve the right to limit the manufacturing numbers at any point.*

HOMAGE: RED & GREEN

HOMAGE: BLACK & WHITE

USING THE BRUSH & LOOKING AFTER IT

The hypoallergenic brush head is composed of distinctive synthetic filaments and is suitable for all skin types, even the most delicate. The head is also multi-functional and adaptable to various makeup textures, thanks to the specific combination of fibres. The brush head itself is extremely silky and pleasant to the touch along with being cruelty free, vegan, and latex free.

For cleaning and maintaining the head, we suggest using a solid brush cleaner. Its formula is multi-purpose and suitable for both synthetic and natural hairbrushes, as well as makeup sponges and blenders. It is neutral and enriched with essential oils with a light, pleasant scent.

It works well with both warm and cold water and eliminates dirt and germs that usually remain on make-up applicators. The soap is poured straight into a customizable aluminium tin with a screw type lid. It does not contain either colourants or irritating substances.

This soap perfectly cleans brushes, accessories, and makeup sponges – even creamy and oily textures.

It also prevents the brush's natural hair from hardening and drying up, thanks to its conditioning ingredients which also have a healing effect on the tuft by maintaining and improving its softness, flexibility, and shine.

The process of pouring the soap into the tin also helps to reduce waste. After drying, your brush will be clean, soft, and delicately scented. The poured soap is produced in Italy and is cruelty free, vegan, and easy to carry with you when travelling.

For the jewellery aspect of the brush (the ferrule, ring and handle), do not use abrasive products or cloths and do not rub to try and bring a shine back. We recommend you have these parts cleaned by a professional to avoid any issues and unnecessary damage.

Alternatively, you can send your brush(s) back to Oska Murano and we will complete the necessary work and return them to you as if they were new. Please note that this is a chargeable service.
