

# Pieces of Peace

## *A Collective Art Exhibition*

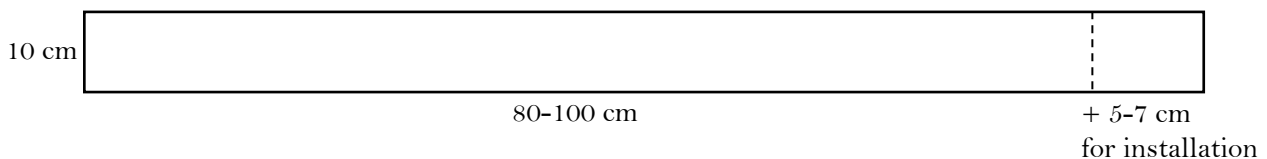

Come express your thoughts and ideas about PEACE and contribute to the collective art exhibition *Pieces of Peace* to mark the International Day of Peace on 21 September. We provide all the material needed.

### HOW TO PARTICIPATE

- Create one or more strips of textile 10 cm wide and 80-100 cm long plus an additional 5-7 cm needed for the installation of the strip. Any type of textile material is welcome.
- Decorate the strip, only your creativity sets the limit! You can use text, patterns, materials or whatever comes to your mind.
- The theme of the exhibition is PEACE. Let your creativity free and try to capture what peace means to you. Maybe a color, a shape, or a quote. Maybe you are reminded of something you heard as a child. Maybe you take inspiration from the peace of mind you feel at a certain place. Just make sure to keep your art kind and inclusive!
- The pieces will be hanging outside for about 3 weeks so, if possible, make sure that the decorations can withstand all kinds of weather.
