# Recast recycled plastics regulation – DECISION TREE

# Recast recycled plastics regulation – TIMELINE EXISTING RECYCLING TECHNOLOGIES

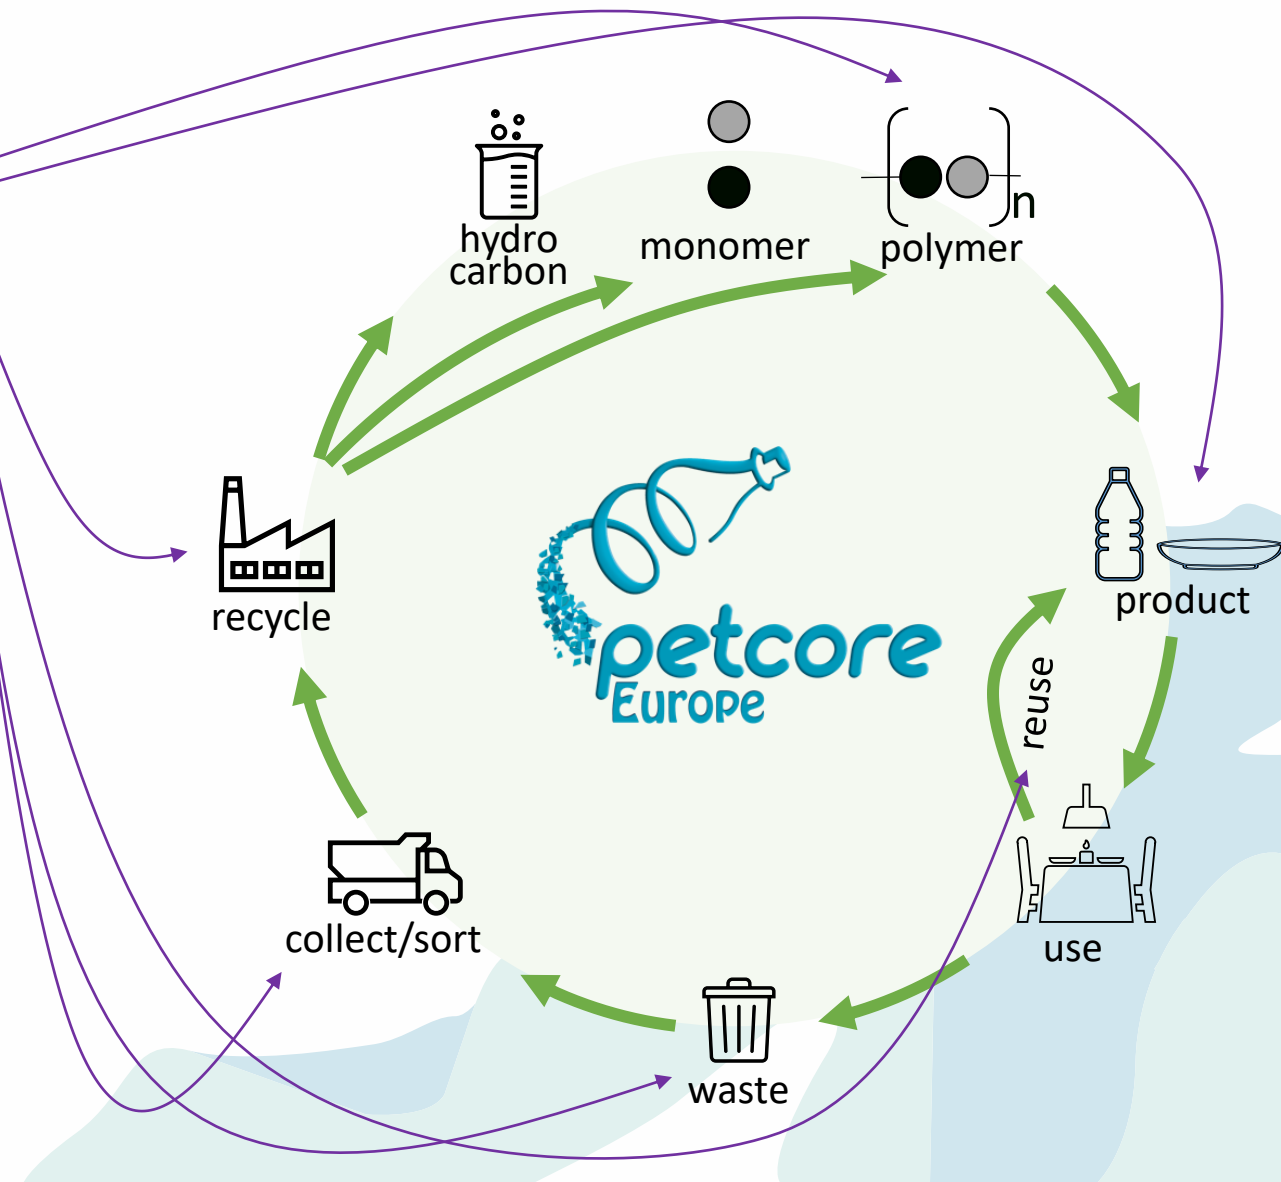

- All technologies
- Suitable technologies that require authorisation, already on the market prior to entering into force
- Other suitable technologies already on the market prior to entering into force
- Novel technologies already on the market prior to entering into force
- Novel technologies already on the market prior to entering into force, that use the principle of functional barrier

# Revision Packaging & Packaging Waste Directive – POTENTIAL LEGISLATIVE INITIATIVES

# Summary

- Significant regulatory developments ongoing and highly interconnected
- Different legislative processes (with varying levels of involvement of European Parliament and Council)
- Potential deviations in transposition of EU legislation that challenge the functioning of the internal market and complexify compliance by industry
- All developments willing to be completed by the European elections Spring 2024
