Dear Sirs,

On behalf of myself, the Municipal Government of Przemyśl and the city's inhabitants, I would like to express my gratitude for the invaluable help in the form of providing power generators and humanitarian aid for citizens covered by the war of Ukraine.

As a result of the invasion of the troops of the Russian Federation, hundreds of thousands of people in Ukraine were deprived of electricity. Our eastern neighbors, despite the war and bombings, are doing everything they can to ensure energy security for their citizens. The generators are to enable defensive operations, help for the wounded and other key activities from the point of view of military operations.

Donated power generators were transferred to cities in Ukraine:

- The ASEA VASTERAS TYPE DGMTB 14 SV power generator (red) donated by Söderhamn Nära, was handed over to the town of Kamianets-Podilskyi, to the County Fire Brigade in Kamianets-Podilskyi.

- The LINZ ELECTRIC TYPE PRO18L F/4 power generator (green), donated by Stockholm Exergi, was handed over to the city of Yavoriv, to the water treatment company in Yavoriv. Thanks to this aggregate, city residents have access to running water.

- The ASEA SCANIA TYPE DSI 14 44 VARIANT A 25 T power generator (orange), donated by Nacka Energi was handed over to the city of Truskavets, to the Municipal Hospital in Truskavets. The unit will ensure the functioning of the above-mentioned Hospital.

- The STAMFORD TYP HC 534 C2 power generator (blue), donated by Karlstads El - och Stadsnät, was handed over to the city of Lviv, for the Intensive Care Clinical Hospital and Ambulance Service in Lviv. The unit will ensure the functioning of the above-mentioned Hospital.

I am impressed by your kindness, generosity and sensitivity for human misfortune. Doing good always brings a lot of joy, and at the same time strengthens sensitivity and shows the beauty of humanity. Thank you again for your big heart.

I hope that each new day will bring joy and prosperity to all those involved in helping Ukrainian citizens. I am convinced that it is good soon will come back to you!

Yours sincerely,

Mayor of the city of Przemyśl

Wojciech Bakun
