Palace Road Estate – Planned tree works along boundary with Christchurch Road:

Ash (tree 19 - see site plan 1) – reduce decayed stem at 6m (monolith creation).

Ash (tree 30) – reduce crown by 20-30%.

Elder (tree 33) – reduce declining shrub overhanging footway by 70%.

Purple plum (tree 35) – reduce crown by 20-30%.

Ash (tree 49 - see site plan 2) reduce crown by 20-30% and remove deadwood.

Lime pollard (tree 62) – create pollard at 2m below previous pruning points.

Ash (tree 63) – reduce stem leaning toward road by 30% and remove deadwood.
