

**Terms & Conditions**

*Please note that the conference tickets cannot be refunded or redeemed against credit after purchase unless the conference is cancelled.*

*Notwithstanding the above, if the in-person sessions of the conference are converted into fully virtual sessions due to unforeseen circumstances or force majeure events, including Covid-19 related measures, a registration for the in-person attendance will automatically convert into a registration for virtual attendance. In this case, CropLife Europe will issue a refund of the difference between the fee for the in-person attendance and the fee for the virtual attendance depending on the fee category.*

*Please note that CropLife Europe reserves the right to review all registrations.*
