## ■ SPONSORSHIP

We support our children in being able to attend school. Because **education is freedom** and it enables them a bright future. Currently we support 220 children in our program: 89 in primary, 59 in secondary, 72 in various universities and colleges.

## ■ CHILDREN'S ACTIVITIES

For our beneficiaries we organize children's meeting three times a year and we give them an opportunity to join Christian holiday camp to expand their spiritual and personal horizon.

## ■ BUSINESS SEMINAR

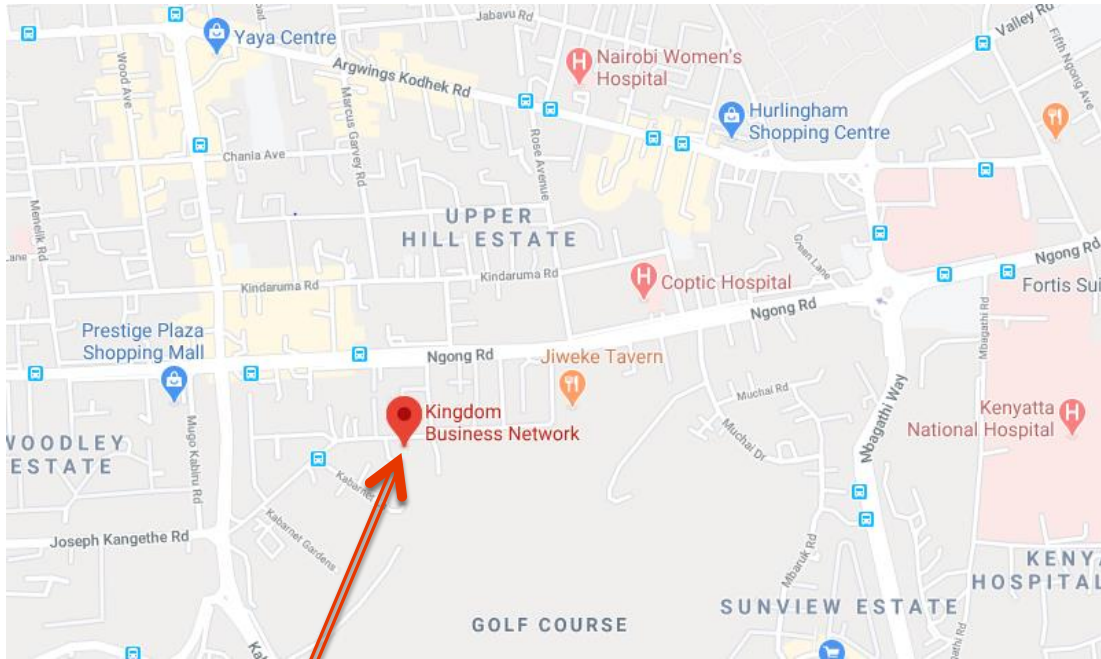

In our business seminars we train and advise beneficiaries, parents and people from the community to be self-reliant and to sustain themselves and their families and hopefully soon pay their school fees by themselves!

## ■ MENTORSHIP PROGRAM

Mentors guide our children in personal and academic issues to help them successfully face life and challenges.
