A dark family secret.
And five friends who fight against

SUMMARY

In a land where magic is forbidden, sixteen-year-old Lara tries with all her might to suppress her powers. But when she is tested for witchcraft, her world is turned upside down. The witch mark is tattooed on her neck and slowly but surely she is cut off from the rest of the world.

She gets to know her fellow witches; David, Noah, Philip and Alex. Together they start a resistance against the oppression. But just when everything seems to fall into place, Lara discovers a dark family secret. There is a reason for the ban on magic, and that reason is closer than she thinks.

In een land waar magie verboden is, probeert de zestienjarige Lara met alle macht haar krachten te onderdrukken. Maar dan wordt ze getest op hekserij, en staat haar wereld op zijn kop. Ze leert haar lotgenoten kennen; David, Noah, Philip en Alex, en samen starten ze een verzet tegen de onderdrukking. Maar net als alles op zijn plek lijkt te vallen, ontdekt Lara een duister familiegeheim. Magie is niet zonder reden verboden, en die reden is dichterbij dan ze denkt...
