Bologna) and an advanced master's degree in University Management (Politecnico di Milano). Former member of the EARMA Committee on Professional Development and Recognition (2018-22), she is mentor in the EARMA Certificate in Research Management and is currently member of the EARMA Awards Committee. Since 2020 she has been leading a network of RMAs in Italy aimed at raising awareness and pave the way for the recognition of the profession. She has experience as trainer in research management and she is member of the scientific committee of the national training course on “Promoting the impact of research: towards the definition of a new profile of Impact Manager”.

## **Susi Poli**

Susi Poli is the Head of Sustainability, Staff Development, and Projects in Education at the University of Bologna (Education division). She holds an MBA in HE Management from the Institute of Education University of London and an International doctorate on HE Management from UCL, University College London. She has been engaged with professional associations internationally since 2008; she's been an EARMA member since 2010, a member of the Board and in several working groups; she is an assessor on the Gender & Diversity module, mentor in the CRM, and the acting chair of a new thematic group on Cultures, Diversity and Inclusion. Susi was one of the recipients of the EARMA Outstanding Contribution Award in 2022. Her first book on RMA is *Research Management, Europe and beyond* (2018) co-edited with Jan Andersen. While her forthcoming book, *The Emerald Handbook of Research Management and Administration Around the World*, will be out on the 29<sup>th</sup> of November 2023. She has explored RMA widely, with her research also covering issues of educational managers, staff development, and women's leadership in the HE sector. Her choice of investigating
