### MERCURY

— en överlägsen konstruktion

#### HÖGRE hastighet på samma effekt

En Mercury-"häst" är starkare än en vanlig "häst".

#### LÄGRE bränsle- förbrukning

Isack vare Mercurys noggrant ut-  
provade förbränningsrum och kolv-  
konstruktion.

#### STÖRRE livslängd genom mindre slitage

Kort slaglängd, låg kolvhastighet,  
och liten cylinderdiameter ger vi-  
brationsfri, tyst gång.

#### 9 MOTORSTORLEKAR 6-100 hk

— det finns en Mercury just för Er!

Classic Offshore boats has the opportunity to do pre-race scrutineering in Öregrund on Thursday in connection with its exhibition.

## Webtracking

All participating crews must be connected to Webtracking. In the registration you have the opportunity to pay for the app, but only for this competition. Otherwise you pay directly to web tracking Information is available at [www.webtracking.se](http://www.webtracking.se). For foreign crews, the organizer provides with web tracking (either app on mobile or device).

**Why?** Primarily in terms of security so that we know where you are. In the second place so that during the competition we can give the best possible reports from the track.

## Classer och status

ÖRK especially invites you to the class Classic Offshore. In addition, all SVEMO, UIM and ÖRK offshore classes and Pleasure navigation classes including ThunderCat (ProStock), Aquabike (Offshore) are also very welcome.

Swedish championship for current classes.
