Dear Fellow Diver,

We need your help. Clearly, COVID-19 has affected dive travel, so we hope you respond to our attached short survey so that we may better understand what the future may bring.

We're especially interested in your response if you considered yourself an active diver when the virus first began to affect us, say March 1, 2020. Our purpose is to learn what you and other active divers think about future dive travel and how you are altering your travel plans or, perhaps, even ending your dive travel.

Thanks very much for your help. Please [click here to take this brief, anonymous survey](#).
