Dear Guest,

I am looking forward to welcome you at Sea-Senses.com / Blue LaGoon on the day of your reservation after 15h.

There is a private parking for 1 car on the driveway next to the house and reservation is not necessary. A 2nd car can be parked on the parking if you drive next to the house for 100m and follow the curve to the right.

You can always bring Dolce Gusto coffee capsules and Toilet paper and possibly kitchen roll.

Your dog is also welcome and his food and water bowl as well as his mat are already there. But may we ask you not to let him or her into the bedrooms (i.e. not upstairs) and not into the sofa, in order to avoid scratches?

Upon arrival this is the simple procedure to get access to Sea-Senses.com itself. On the entrance door there is a key safe. Open the flap, and the numbers are illuminated. Call me or send me a WA or SMS on 0475 760 910 and I will give you the code. The safe contains the key to the house.

Voila now it's time to enjoy your stay.

At the end of your stay, before 10:00, please place all towels and sheets near the kitchen, bring the waste to the containers (Glass, Cardboard, GFT and Restaval) at the very back of the park. The containers are opened with the key of the house, set the thermostat to night 15° and then lock all the windows and doors and place the key in the key safe with the same code you received from me. You can always call me to say goodbye.

Have a very pleasant stay and don't hesitate to call me if there is a problem,

Yves

# Internet WIFI CODE & TV

In case you want to connect to the outside world...here is the wifi access... don't forget to like our facebook page [Sea-Senses.com](https://www.facebook.com/Sea-Senses.com) / Blue LaGoon and don't leave your review on [booking.com](https://www.booking.com)

The code is also hanging between the kitchen and the salon.

You can also have the latest Set-Top Box from Tadaam at your disposal where you can follow a wide range of channels, as well as YouTube.

The TV has to be switched on "HDMI 1", this can be done by pressing INPUT AV on the top right of the large Panasonic TV remote control. Then also press the small Tadaam remote control on the top left to switch it on. If the Tadaam does not switch on, you can pull the power cable (far left) from the black box and plug it in again.
