We've prepared this document as a visual guide to the products and prices. There is also some information on the products to help differentiate between the different garments.

Craig has prepared an order form which is the best way to place your order, however if you are struggling with the order form please contact Craig, Emma or Yas directly. All Craig needs at this point is your wish list, on the basis that best pricing is going to be achieved. On the next page the descriptions and pricing is shown. The price highlighted in red is the price we are currently achieving based on the quantities currently submitted, however you can see it only takes a couple of items here and there to make a big saving for everyone.

So here's how to do it:

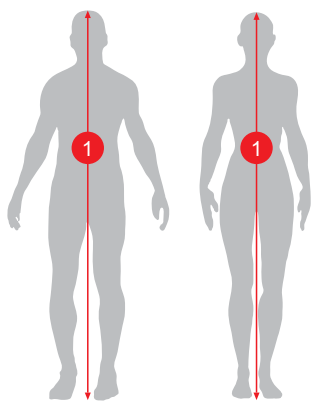

1. Have a look through the items and descriptions
2. Send your wish list including sizes to Craig
3. Await confirmation on pricing
4. Once you have received pricing, you can choose to add or remove items
5. Make payment, sit tight and await your delivery! This is usually 6 weeks from confirmation

Please check out the info and prices shown overleaf, and submit your requirements to:
kitorders@seacroftwheelers.co.uk.

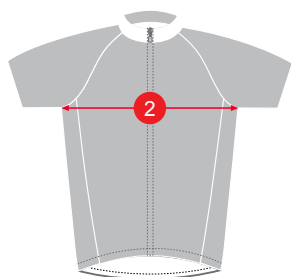

Any questions regarding sizing or specific information on the models, fabrics, or when to use the item of clothing, please contact Craig on the email shown above, or Emma Coldwell on emma@biemme.co.uk.

We hope you love the new kit design!

RACE SHORT SLEEVED JERSEY

Front and back are made from Coolmax, which ensures that you stay dry & comfortable. It is soft against the skin and moves over the skin without friction to ensure all-day comfort. The side panels in our stretchy jersey fabric, which is lightweight and soft.

The front has a full zip and the sleeves are finished in a 5cm lazer cut gripper that looks great and does not restrict your movement. Three rear pockets and a 4th zipped pocket for all your ride essentials.

UPGRADES:

F.I.R. technology - Far Infrared Ray treatment reflects the FIR rays emitted by the body to improve circulation and reduce core body temperature. Research shows that FIR treatment drastically reduce inflammation and improves recovery. Add FIR for £21.00.

Personalisation - Add your name to the collar for an additional £12.00.

Seacroft Wheelers subsidised price for Race SSJ: £39.20

RACE LONG SLEEVE JERSEY - Great for most of the year! Super soft 'Quad' fabric offers that extra bit of comfort and warmth, whilst being super soft against the skin. Three back pockets for all your essentials. Combine with a gilet or JAMPA on those colder days.

RACE WINTER JACKET - 'Windlight' fabric and 'Superroubaix', winter only use. Windlight fabric helps regulate body temperature whilst superroubaix is warm and breathable. A very comfortable jacket with a full zip, stretchy collar/cuffs and three back pockets for convenience.

Did you know that Biemme made their name in cycling clothing by developing the first ever cycling short with a synthetic pad insert, back in 1978?! They were also the first ever manufacturer to implement the use of gel within the pad.

RACE BIBSHORTS Womens now discounted to same price as mens! Ergonomically designed panels ensure comfort all day due to the location of seams, bib, and pads. The parachute braces are wide so they do not exert pressure on the shoulders whilst ensuring correct positioning of the shorts and pad. The braces mould to the shape of your body so that they don't distort the shape of your jersey. Made from 210g Lycra these look great, wash after wash. Fitted with our FX13 pad as standard, the leg gripper is 5cm lazer cut elastic that holds the shorts but doesn't restrict movement.

WINTER BIBTIGHTS follow the same design and fit as the race shorts but features Superroubaix fabric with added knee warmer for extra protection.

***Bibshort current price: £62.95! Add 3 more mens shorts to achieve price of £50.65**
