The collaboration with Andy Medcalf and Martin Batchelor has significantly extended the programmes and tickets that are accessible from our gallery and I am extremely thankful for their generosity and support

Mike Scott has also give permission for the content from his website to be accessed and adds a fantastic addition with comprehensive biographies of Hull City footballers. The full set of biographies and more can be viewed on Mike's website -

Thanks also go to Paul Chapman who has provided a vast amount of data regarding Hull City Reserves and more. A fantastic collection that he has agreed to be hosted on our platform.

I would also like to thank Chris Elton and Nick Turner who have both provided support during the compilation of material for this website.

I would like to thank all the Senior Tigers Committee and the Memorabilia Project Team, past and present, led by Tony Conway for their contributions and support on this project. This second development phase of the memorabilia gallery has been particularly difficult during the Covid period so a special thanks goes to Stuart Tomlinson, Helen Carter and Brian and Brenda Beck for their hard work and dedication on this project.

Thanks also go to the Hull Photographic Society for their invaluable support on our Memorabilia Day at the KCOM Stadium on 8th February 2018

To collect all Hull City related photographic material and memorabilia is a never-ending endeavour, so my thanks also go to those Senior Tigers' members and Hull City supporters that have and are currently assisting

in the many stages of this project, and they include the Hull City football club, Hull City Academy and many collection owners who are contributing their memorabilia items to our project

Also, none of this would have been possible without the expertise, website development and support from Pete Magee, Jupiter Web Solutions
