

Sepidar kulturförening is a Swedish-Iranian socio-cultural centre that also advocates for Human Rights and democracy in Iran, and has been active since 2020 in Sweden.

At Sepidar kulturförening, we are strongly committed to raising awareness about the Human rights situation In Iran.

Our activities in this centre are supported by many Swedish-Iranians and all Iranian across the Nordic countries and the rest of the world.

Considering the nationwide uprising of Iranians in the world, the Sepidar Association considers it necessary to hold a gathering and rally to support them in the recent uprising of Iran, with special attention to the role-playing and centrality of women. This rally aims, with the unanimity of women inside and outside Iran, to bring their protest to the ears of the international community and support their difficult and dangerous struggles.

With the approach of equality and egalitarian feminism, Sepidar Cultural Association, in support of Iranian women and girls, will hold a meeting and rally on Sunday, October 16 at 2:00 PM in the city of Gothenburg, Sweden.

Considering the long history of the Islamic Republic in violating human rights, using children in war, killing children, discrimination and oppression and crimes committed against women, execution of human beings and suppression and suffocation they have caused on the people of the society, on this Basically, we ask all international institutions and governments to:

- 1- Boycott the Islamic Republic; Cut off your diplomatic relations with this government of corruption, crime and terror because the Islamic Republic does not represent the Iranian peoples .
2. All the ambassadors and associates of the embassies of the Islamic Republic who are involved in terrorist conspiracies abroad should be held accountable in all countries.
- 3- The new and former officials of the Islamic Republic living abroad and the children and appointees of the heads of the Islamic Republic who live in European and American countries with the money of the Iranian nation should be expelled from European and American countries , and also their accounts and assets be blocked .
4. We want that all European and American government to close all the Islamic centers affiliated to the Islamic Republic.
5. All representatives of Islamic Republic's should be expelled from European and American countries .
- 6- Refrain from participating the artists and athletes of the Islamic Republic regime in competitions and festivals and all international sports and artistic events under the name and flag of the Islamic Republic.

In the 1980s, the people of the world and many governments and international organizations effectively helped the revolution of the people of that country by boycotting the racial government of South Africa. Now it is the turn of the gender apartheid regime in Iran. Boycott, reject and isolate the regime of the Islamic Republic like the regime of South Africa in the world. And hear the voices of men and women who are killed on the streets of Iran!
