

**FEARNACH SHETLAND SHEEPDOGS by**  
**DamianMcDonald**

*I grew up on a sheep/cattle farm in Co. Wicklow, Ireland where the daily routine of herding was carried out by working Border Collies. My love affair with Shetland Sheepdogs began when I met a blue merle sheltie at a local fete and was instantly smitten with the breed.*

*I purchased my first sheltie in 1996, a fab tri female which my daughter called 'Lady', as a family pet. I decided to breed a litter from her in 1999 and was encouraged by the stud owner to show her. Hence began my involvement with the amazing hobby of dog showing. Lady became my first champion in 2004 and in the intervening years I have campaigned/bred champions in all three colours. 2023 marks 27 years of involvement with this wonderful breed.*

*Some of the champions from the Fearnach kennel include, Mythryll*
