

The Connected Quarry

OPTIMISE ASSETS BY TRACKING PRODUCTIVITY

Knowledge is power. LOADRITE and InsightHQ enables the Connected Quarry which helps you manage your operation from wherever you are. It gives you the power to manage your operations, tracking the main drivers of your business. Easy-to-use reporting helps track daily operations and major process change management. Simple graphs help quickly identify bottlenecks and workflow issues.

InsightHQ is a productivity and performance reporting and management portal showing near real time productivity, from your LOADRITE scales.

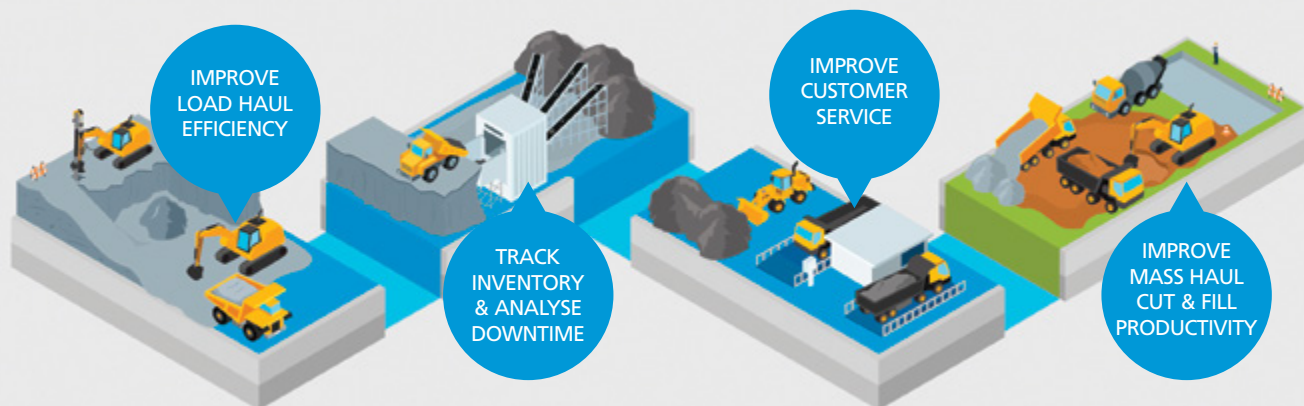

Features

With insightHQ you can:

- ▶ See site performance and productivity information presented in easy to read graphs and tables
- ▶ Respond to issues, optimise production and productivity with accurate data
- ▶ Control your data, how, when and where you want it, all during the shift
- ▶ Access anywhere, anytime on your web browser or mobile device

WHAT IS REALLY HAPPENING IN YOUR OPERATION?

Our dealer channel provides the tools and support for the extraction, processing, loadout, transportation and construction phases of aggregates industries for more efficient operations and higher profits.

LOADOUT MANAGEMENT SYSTEM AND LOADER SCALES (LR360)

LOADRITE 360 for Loadout is a Connected Quarry solution that improves loadout operations through accurate onboard weighing, metric tracking, job data automation, and real-time 360° job visibility. LOADRITE 360 connects the loader and scale house to provide data sharing of loadout jobs which result in greater efficiency, improved visibility and higher product sales.

- ▶ Accurate onboard weighing (+/- 1% margin of error)
- ▶ POS system and in-cab automated connection
- ▶ Real-time job list
- ▶ True tare trucking loading

HAUL TRUCK MONITOR (H2250)

The LOADRITE H2250 provides near real-time reporting of haul truck productivity and process monitoring, to help increase production and reduce costs.

- ▶ Detailed cycle time reports
- ▶ Productivity reporting
- ▶ Overloading, tray up, tip over, carry back and speeding operator warnings

Trimble: Transforming the Way the World Works

Trimble provides the tools and support for the extraction, processing, loadout, distribution phases of quarry production information for more efficient operations and higher profits. Contact your local dealer today to learn how easy it is to utilize technology that makes significant improvements to the aggregates workflow, optimize production, improve efficiency and lower your operating costs.

LOADER SMARTSCALE (L3180)

A SmartScale is the next generation of loader onboard scale that uses smarter weighing intelligence for more accurate, precise and faster loading. It also connects machines and devices for the collection and syncing of loading data. Also features:

- ▶ Smarter weighing (~40% more precise)
- ▶ Connected Quarry connectivity including built-in WiFi and GPS
- ▶ Best-in-class interactivity and interface
- ▶ New paperless eTicket workflow
