# ANNIVERSARY

## 1946 - 2016

On the 28th of February 1946, a group of 31 people met in a local café and decided to form Växjö Kortvågsamatörer. The association was lively from the very beginning and met up at least once a month. In 1974 the association reorganized and changed to its current name Kronobergs Sändreamatörer (Kronoberg Radio Society). Presently we have our own clubhouse in Växjö, southern Sweden, where we meet weekly to socialize, drink coffee and burn circuits. Good technical knowhow and many dedicated members have made us into one of Sweden's most reputed clubs.
