

LOCH LOMOND HAS BEEN CREATING  
AWARD-WINNING SINGLE MALT WHISKIES  
SINCE 1814. WITH A STYLE INSPIRED BY  
OUR STUNNING SURROUNDINGS.

Loch Lomond's Steam & Fire  
is engineered in line with our  
signature style, developed by our  
Master Blender Michael Henry.

This whisky uses spirit from both  
our remarkable straight neck and  
more traditional swan neck stills.

# STEAM & FIRE

## NOTES OF DEMERARA SUGARS

Loch Lomond Steam & Fire brings to life our diverse distilling process and our bespoke, hand-charred casks from our own time-honoured cooperage, resulting in this truly unique and imaginative whisky. Our spirit has started in american oak casks then finished matured in heavily charred casks, flamed by our own cooperage giving a rich mouth feel with notes of orange, pear & melted brown sugar with a dark chocolate, soft smoke finish.

This expression is a celebration of the incredible alchemy and engineering capability of our distillery and a product of our exploration, experimentation and know-how as master makers, distillers and coopers.

## THE HOUSE STYLE

Like the conductor of an orchestra, our Master Blender Michael Henry understands how to bring together flavours to create a dazzling dram. And, as any conductor or craftsmen, we have shaped our distilling style to be as identifiable as their own work. Through the distilling choices we make, our expressions always deliver fruit, sweet honey and soft smoke. It's a style that's served us well, shaped by our history and is identifiable in every sip of our whiskies.
