# Snaphane activities in Copenhagen

We offer entertaining and informative programs and experiences that last from one hour to full-day events. We plan these events together with you, so the programs are customized for your company and your wishes. We have enthusiastic and motivated instructors who bring out the best possible experience for your group. Let us plan your next event!

## Activities with culture!

### Treasure hunt in the Royal Reception Rooms and on the Castle Island

We have the great pleasure of being able to offer a historic "Treasure hunt in the Royal Reception Rooms at Christiansborg". This is an activity that everyone can participate in. The participants are divided into teams and explore the Royal Reception Rooms, the ruins of Bishop Absalon's Castle, the Royal Kitchen and the outside area on the Castle Island. The exercise is a journey back through time in a fun and educational way, which is perfect for curious international guests. Enjoy the castle, use your imagination and travel along on our journey through history in this impressive castle. The winning team will, of course, receive a small prize at the end.

Time: Approximately 2.5 hours. Participants: 15-300 people.

Can be arranged all year around and can be done in Danish or English.

Please ask for more information and pricing.

Can also be arranged outside of normal opening hours.

**New:**

### **“The Snaphane Round with Taste!”**

We take elements of our popular Snaphane Round in Copenhagen, and combine it with different tasting posts. You can choose yourself if you want 2, 3 or even more posts in as we explore the city. This is a cozy way of seeing and learning about the city and its history, as you satisfy your hunger and thirst. We tailor the program to your wishes. The tasting posts can be tapas, wine, coffee, cake, sweets or even beer at one of the oldest bars in the city.

Time: from 1.5 to 3 hours.

Number of people: from 15-300

Can be done in Danish or English.

Please ask for more information, and pricing.

### **“Snaphanerunden”**

On the Snaphane Round, participants are divided into teams and sent out into the city, where they “go back in time”. We visit the areas surrounding Christiansborg, the Round Tower, and the Gray Brothers Square. If you like, we can also go up to the top of the Round Tower, or visit the lively area of Nyhavn. At some of the posts, our instructors will offer different foods and beverages, for a “taste” of history. As we walk through the backstreets of Copenhagen, participants will learn about the kings, the wars, and the commercial development which has made the city what it is today. When the points for all teams have been added up, the winning team gets a small prize for their efforts. As the Snaphane Round is an outside activity, it can be arranged 24/7 if participants have the proper attire. Come along and see the city through a different pair of glasses!

Time: from 1.5 to 3 hours.

Number of people: from 15-300

Can be done in Danish or English.

Please ask for more information, and pricing.

## Team Dynamics and Communication

### Hans Christian Andersen Adventure and Acting

As something new, it's now possible to add a taste of the world-famous stories by Hans Christian Andersen to your event. This is an obvious choice, particularly for foreign guests. A professional actor will perform one of his stories in a suitable location – this could be in the theater at Christiansborg, in the library garden or even in your conference room.

You can also choose to be active, in which case you will be slightly pushed from your "comfort zone" into different acting exercises. These will focus on using your body and voice to communicate your message. This will break the ice and the usual social roles. This can be customized to enforce a specific theme for your conference. This can be done as a "stand-alone" exercise, or in connection with our popular Snaphane Round.

**Time:** from 1.5 to 3 hours.

**Number of people:** from 15-300

**Can be done in Danish or English.**

**Please ask for more information, and pricing.**

### Facilities

Do you need an announcer or master of ceremony for your meeting or conference? We work together with a strong, energetic personality with many years of experience in business leadership and performance. The focus is in starting a dialog, sparring and how different competencies complement each other. The goal is how you can build the best business with motivated individuals working together.

## Other activities

### Beautiful opera singing

Why not end a "Treasure Hunt at Christiansborg" with several beautiful opera songs? Or as short break during dinner? Our classically trained soprano has an extensive repertoire, which she brings to life in entertaining fashion.

**Time:** From 20 minutes to an entire evening.

## Tailor-made activities

If you didn't find exactly what you were looking for, please ask us for more ideas!

We can mix and match activities to create the perfect event for you and your guests! And we can help arrange transport with bus, canal boats and speedboats to bring your guests to their event.

**Please note** that all our activities can be done in English or Danish. The number of participants listed are minimum numbers, as we can easily scale up. We have held events for up to 3000 people on both sides of the Øresund on a single day!
