

Refreshing the Croydon Health and Wellbeing Strategy: Find out more and have your say!

Monday 19th February 3pm-5pm

Carers Information Centre, 24 George Street, Croydon CR0 1PB

Croydon is refreshing its Health and Wellbeing Strategy which will set out how organisations across Croydon will work together over the next five years to support our residents and communities to live longer and healthier lives. Residents helped shaped the pre-consultation at our AGM in November.

This event gives you a chance to explore and discuss its themes facilitated by Healthwatch Croydon to help inform residents of what is being proposed. There will be plenty of time for discussion with Gordon Kay, Healthwatch Croydon Manager and Cllr Margaret Bird, Deputy Chair of the Health and Wellbeing Committee.

Book your place here:

<https://HWBBStrat2024.eventbrite.co.uk>

We also encourage all residents to complete the official consultation here:
