Sproggruppen den

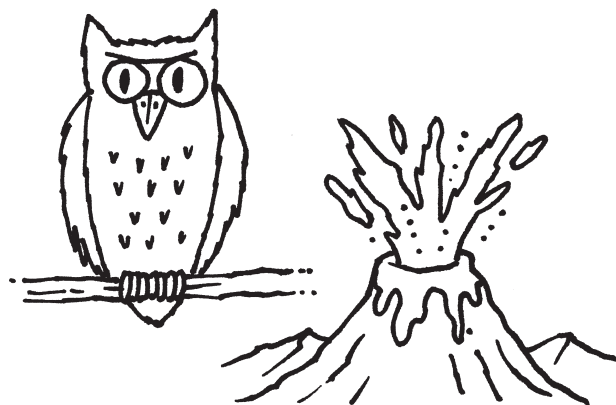

I dag har vi leget huskeleg med vokalerne, som skærper opmærksomheden på vokalerne i alfabetet:

a, e, i, o, u, y, æ, ø og å.

Bagefter arbejdede vi med konsonanterne h og r med opfølg af ord på et sjippetov. Det er en god bevægelsesaktivitet, hvor børnene får trænet deres opmærksomhed på bogstavernes lyde i begyndelsen af et ord.

Efterfølgende arbejdede vi med rimord via et opgaveark, hvor vi skulle finde to ord, som rimer/lyder ens. Denne øvelse træner børnene i at lydere i forhold til stavning og læsning.

Til slut talte vi om stavelser ved at lege "High five". Denne øvelse styrker bevidstheden omkring enheder i ord.

Mange hilsner

Lektier hjemme: I skal tale om de to konsonantlyde h og r. Prøv, om I kan finde ting, som begynder med h (fx honning) og r (fx radiser) hos købmanden. Husk også sammen at opdage bogstaverne på skiltene.
