Rechargeable battery pack

V4pro rechargeable

The V4pro rechargeable is the most technologically advanced headlamp in Suprabeam's history.

It has been developed based upon feedback and wishes from active sport exercisers, using headlamps in their daily workout. Based on their feedback we have created the ultimate headlamp, for active people craving the utmost when it comes to portable lightning.

V4pro rechargeable is immense light, in an astonishing light weight design.

Body: Anodized High Strength Aluminium
