

The Internalization Award

Template

Basis:

The award is given to a company that has taken particularly good care of their international intern(s) and has managed to fully integrate them in the company.

How to nominate the organisation where you did your internship:

If you have been an intern in 2020, you (and you fellow interns) can nominate your company.

What you need to do is:

- Fill out this template. You can only write as much as the text box allows for.
- Create a video (max. duration 2 min.), where you tell, show, or in any other creative way demonstrate why your organisation should be awarded. You can record yourself, your mentor or something else that has made a difference for you during your internship. You can create the video any way you want, as long as it demonstrates why your organisation deserves to win the prize. The video will be screened as a part of the award show, if your organisation gets chosen by the jury to continue to the final round.
- Send everything to us (by [wetransfer](#)) **no later than Monday, March 1st at 12.00** to our Business Coordinator Liv Kappel at liv@studenterhusaarhus.dk

Information

Name of organisation:

Your contact information

Name:

E-mail address:

Phone:

Title as an intern:

Where do you study?

Contact at your organisation

Job title:

E-mail address:

Foundation for the nomination

Please answer the questions below. Your answers, alongside the video you create, will form the basis of the jury's decision.

Short description of the organisation:

Who are they, and what do they do?

Job description

What did you do while you were an intern?

Why should your company win?

How did your internship host integrate you in the company and socially?

What did your company do to make you feel particularly welcome as an international student?
