# TENT WASHING MACHINES

## TEECO SOLUTIONS INTERNATIONAL

Teeco's washing machines are designed to make cleaning tents more efficient. Our high-quality washers tackle dirt, mold, and every substance that comes your way. Discover which size and configuration is the perfect match for your business.

### HIGH EFFICIENCY

Our machines help increase efficiency by eliminating the time and frustration of hand washing even the dirtiest tents and instead churning out tent after tent in the wedding-white condition you and your customers expect.

### TRUST YOUR EQUIPMENT

Investing in a machine is an important decision for your company, which is why we back up every purchase with a 5-year parts and workmanship warranty.

### BENEFITS OF INVESTING IN A TEECO WASHING MACHINE

#### REDUCES LABOR COSTS

Investing in a tent washing machine allows your business to save money in the long-run by decreasing labor costs by 30 to 60 percent.

#### PROVIDING A DEEP CLEAN

Teeco's machines transform graying tents back to a wedding-white condition that simply can't be matched through handwashing. Using a Teeco tent washing machine has proven to extend the life of tents by 3 to 5 year.

#### INCREASES EFFICIENCY

Tents can be washed in as little as 20 minutes, ensuring that you'll always have a fully-stocked inventory at the ready, and never fall behind in the busy times again.

### OUR PROMISE TO YOU

For over 20 years, we've been proud to manufacture the leading tent washing machine on the market. We're confident that you'll be satisfied with your investment and offer a 5-year warranty on all new machine purchases.

If, for any reason, you find that your Teeco machine isn't improving your tent washing process, we'll offer you a 90-day full refund.

The 5-year warranty covers all machine parts and workmanship. If by chance something is not working up to par, we'll make sure you receive a replacement.

### MODELS

Each of our models come in additional specifications to better suit your washing needs.

#### CLASSIC SERIES

Ideal for small companies looking to purchase their first tent washing machine. In the past, limited resources may have stopped you from purchasing a tent washing machine. Now things have changed. – check out our Classic series of tent washers!

- 2 sizes to choose from
- Simple to install and easy to operate.
- Optional with water heating for washing and unlimited rinsing
- 5-year parts and workmanship warranty, and 5-year trade up/trade in program
- Great for anyone spending more than 8 hours a week washing tents in the busy season

#### SIGNATURE SERIES

Stronger and larger than ever before. For those looking for increased automation, faster cycle times, water recycling, higher production and a low cost of ownership, a machine from the Signature series may be right for you.

- 2 specifications to choose from
- Highest productivity, biggest capacity and easiest to use in its class.
- Easy installation – simply plug the machine in and begin washing
- Optional with water heating for washing and unlimited rinsing
- 5-year parts and workmanship warranty, and 5-year trade up/trade in program
- If you are looking for an all-electric, automated, easy to install machine or spend more than 16 hours a week during your busy times washing tents this is your solution.

#### PREMIUM SERIES

Some companies just demand ultra high production. The Premium series machines are designed for companies that demand super clean tents no matter how busy they get.

- 2 specifications to choose from
- Suited for the most demanding and fast paced environments in the tent rental industry.
- New, larger drum sizes
- 5 year parts and workmanship warranty
- If your wash crew is spending over 32 hours a week washing tents a machine from the Premium series washers is an option for you.
