ENGRAVING

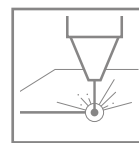

Glass engraving

Glass, as a mean of artistic expression, has fascinated artists for many centuries. Just to mention the island of Murano - the tradition of hand-blown Venetian glass started there in the thirteenth century and is doing well also in the twenty-first century. Glass sculptures, dishes, flowers, chandeliers, stained glass, glass balls, and even parts of musical instruments (e.g. harp or verrophone) produced all over the world - both for artistic and commercial purposes - carry on an unique feature of individualism. Working on such an inspiring material as glass, we decided to encourage you to create a stylish decoration of the shower enclosure, which will highlight the unique arrangement of your bathroom. The innovative technology of laser engraving allows applying unique patterns,

Familiarise yourself with our pattern proposals or upload your own theme. Precise beam of laser light will transfer it on the glass surface of your chosen shower enclosure or shower door.

decorative fonts, and even photos on a glass. In contrast to other methods, where the effect is not as long-lasting, and is less visible with the passage of time (patterns are less intense), laser engraving is a durable application of motifs on the glass. Engraved pattern is always on the outer side of the shower enclosure, so that the glass does not lose the properties of tempered safety glass and is easy to keep clean - protective coatings are always from the inside of the cabin. We offer you the laser engraving on clear glass, Ultra Clear, brown and graphite.

On the products marked with this symbol it is possible to perform the laser engraving.

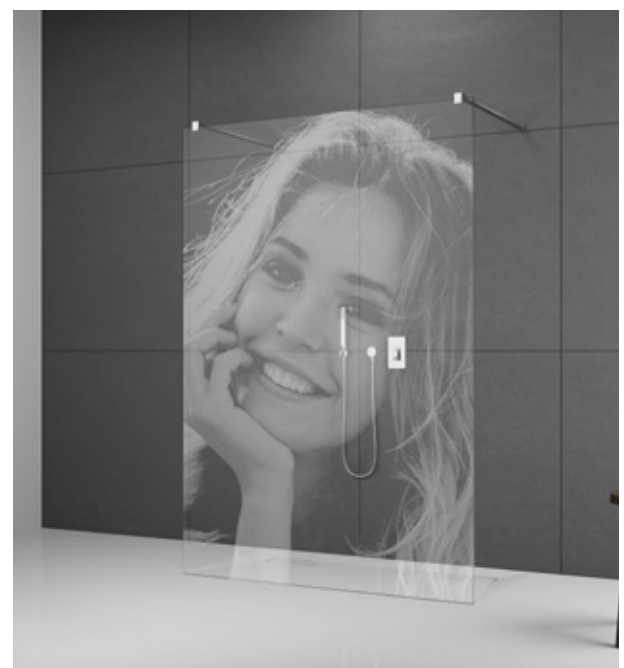

When choosing a pattern presented in the catalogue, please pay attention to the size and layout of the glass panes. In the case of custom pattern sent by the client, we deliver you a proposal of pattern arrangement on the glass panes.

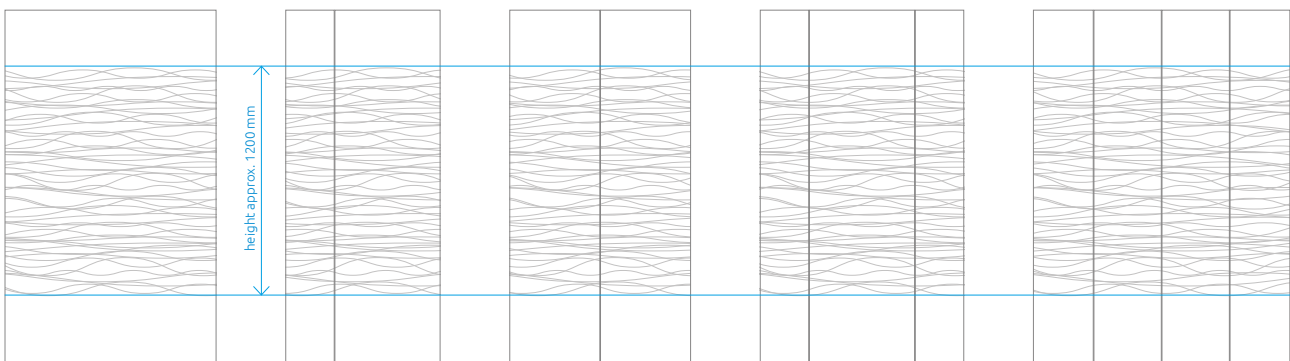

TECHNICAL REQUIREMENTS:

A photograph of at least 1500 px on every meter of engraving, e.g. engraving in the format of 1.4 m x 2 m = 2100 x 3000 px

The quality of engraving depends on the sharpness of the supplied image.

PATTERN WAVES

The layout of the pattern may vary depending on the size of the glass. Remember to specify the side and location of the engraving on the shower enclosure. Engraved patterns are best visible on a dark background.

Lead time of product with laser engraving is confirmed individually.

PATTERN LETTERS

Layout of the pattern on the glass

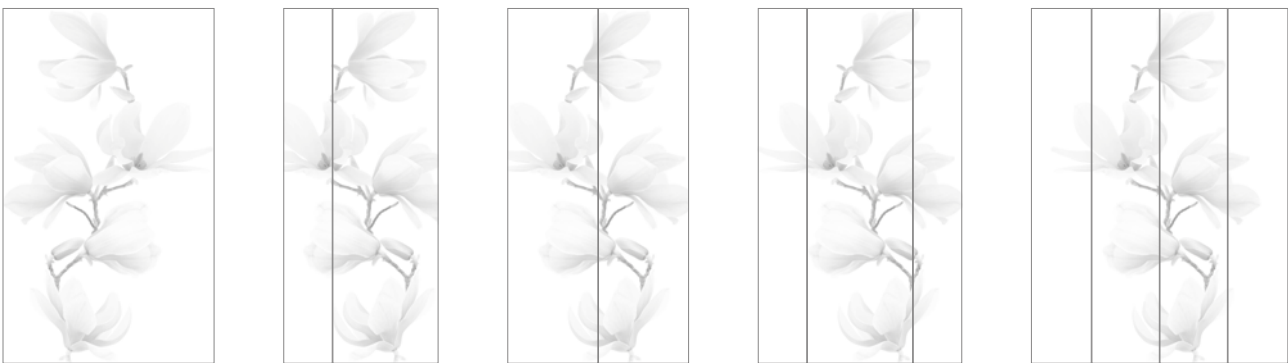

The layout of the pattern may vary depending on the size of the glass. Remember to specify the side and location of the engraving on the shower enclosure. Engraved patterns are best visible on a dark background.

Lead time of product with laser engraving is confirmed individually.

PATTERN **MAGNOLIA**

Layout of the pattern on the glass

The layout of the pattern may vary depending on the size of the glass. Remember to specify the side and location of the engraving on the shower enclosure. Engraved patterns are best visible on a dark background.

Lead time of product with laser engraving is confirmed individually.

PATTERN **ZEBRA**

Layout of the pattern on the glass

← 800 mm →

← 1000 mm →

← 1100 mm →

← 1300 mm →

← >1400 mm →
