

Do you have passion for Supply Chain Management ?

.. you might be what Trademark Textiles needs!

So who are we? For more than 15 years, we have developed, designed and produced private label products to leading fashion companies & brands – from all over the world. We are now looking for a dedicated intern, to help us to create value for our customers.

The tasks will vary throughout your internship and can be tailored to match your interest and goals. We do not expect you know everything in advance, but it is important that you are ambitious and want to grow your skillset.

Your assignments will mainly involve:

- Follow and have the overview over our daily production, both practical and administrative
- Placement of orders and close follow up on the production, to ensure delivery of the goods on time, in right quality and quantity.
- Contact to customers, factories and our colleagues in the far east.
- Checking invoices
- Next to this, there could be longer-lasting projects. Finding and evaluating new factories, minimizing of costs across the company, or things like that.

We are looking for someone who is ambitious, a quick learner, structured, has good communication and writing skills and speaks English. In addition, we expect you to speak and write at least one of the following languages: German, Spanish, Polish, Dutch or Danish.

We prefer you study something involving the tasks areas, but if you are passionate about this industry, we encourage you to apply regardless of your study program.

What does Trademark Textiles offer you?

- Insight in the whole supply chain and production process
- Learning how to cooperate between cultures and departments
- Handling sharp deadlines
- The opportunity to work in a company with more than 8 different nationalities
- A mentor to guide you

If we have sparked your curiosity and you have interest in an internship for 4-6 months during the spring 2021, please upload your CV and application (in english) through this link <https://app.jobmatchprofile.com/ge57pp>
