

Supply Chain - Intern

If you are a self-motivating person with an interest to learn and experience new things in a challenging job, then an internship at Trademark Textiles A/S might just be the right thing for you.

We would prefer if you:

- are interested in working with supply chain, purchase, and the production process of fashion garments.
- are interested in working with foreign countries.
- are good with numbers and calculations.
- speak and write English, and in addition preferable also one of the following languages: German, Dutch, Spanish, Polish or Danish.
- think and work independently.

Your daily work as an intern in the supply chain in our company will be (among other tasks):

- Ensuring the right production and delivery of the garments, oversee the whole process and constantly checking every step in the production process is done the right way.
- Get in touch with both our colleagues and factories in the Far East.
- Get in touch with customers: Understand their needs and wishes.
- Help, where needed.

Our company is in Kolding, where you will come to work in an international company with very dedicated and young people.

We have good working conditions and an informal environment, where you will be introduced to tasks and the basic of the production during the first weeks.

The benefits from the internship will be several:

- Knowledge of the whole supply chain
- Insight in the whole production process
- Compare theory and practice (a good basis for your thesis)
- Close cooperation between design, sales and buying department.
- Working in an international company with 8-10 different country cultures
- Cooperation with colleagues in the Far East
- Training in English, both written and spoken, every day
- Work in "real life" – including sharp deadlines.

The internship is fulltime, will last for 5-6 months and starts in January/February 2022, or by agreement.

Is that you? If yes, please upload your CV and application – **in English please** - via this link: [LINK](#)
