

Commercial designer – Maternity cover

Commercial Designer to an international company

Since one of our experienced designers is going on maternity leave in the spring, we are looking for a maternity cover. You are a commercial textile designer with at least 2-3 years' experience, knowhow, and creative ideas. Our work environment is agile and fresh, not two days are the same, so we are looking for a positive person who can wear many design hats and be a fast executer.

We would highly value your commercial approach to design and understanding of brands DNA, in order to work every day with our sales and buyers to achieve the goal.

We are working on an exciting opportunity to join a growing and successful supplier-based International Company with a portfolio of customers across Europe.

Responsibilities:

- Creating concepts and setting themes for different product categories
- Carrying out all-around trend research and tailoring this to the DNA of the customers
- Liaising with our buying team, creating tech packs and specs
- Creating a connection with our sales team and customers, in order to participate to collection meetings.
- Designing and developing commercial ranges
- Attending inspiration shopping trips
- English and Danish on a proficient level, and an additional foreign language is a plus: German, Dutch, Spanish, or French.

The candidate:

The Commercial Designer will have previous experience in a similar role with excellent trend spotting ideas and efficient workflows skills. Problem solving, outgoing attitude and team playing mindset are absolutely required. We also work with CLO 3D, hence experience with this will be an extra plus.

We can offer an exciting job in a dynamic and international, young company, where you can develop and put your mark on the future success. We have good working environment with lunch arrangement and informal communication. The workplace will be at our address in Kolding.

The position will be open from around February 2022.

Please upload your CV and application - [please in English](#) - by using this [LINK](#).

Please be prepared also to upload a PDF-file showing just some of your graphic skills, too.

We arrange meetings on an ongoing basis. The job-ad will only be visible until we find the right candidate.

If you have any questions to the job Design Manager Davide de Leo will be reachable by phone +45 2560 6630 (In English)
