Welcome all! Herewith a quick reminder that you can still register yourself to our virtual final event, 1 and 2 July. Join us, we are more than happy to welcome you!

Julian Schindler

The **TransAID Final Event** will be held on **1 and 2 July 2020**, online. Our event targets connected, cooperative, and autonomous technologies for cooperative and automated road transport. We welcome experts from related domains and foster the interactive exchange of academia, authorities, and industry.

Join us on the first day between 14h00 and 16h30, when we will talk about:

- Overview of projects on cooperative and automated road transport (Georgios Sarros, EC)
- Overview of TransAID, key findings, and summary (Julian Schindler, DLR)
- Enhanced traffic management (Sven Maerivoet, TML)
- Modelling of automated driving (Evangelos Mintsis, CERTH/HIT)
- Cooperative V2X communication (Miguel Sepulcre Ribes, UMH)
- Simulation and field testing (Julian Schindler, DLR)

On the second day between 13h30 and 16h30 we will have interactive discussions and workshops about:

- **Digital Infrastructure** (with invited pitches from Mikael Ivari, City of Gothenburg and Polis, Chair of Traffic Efficiency Working Group, and Jacqueline Erhart, Asfinag)
- **Remote Management** (with invited pitches from Olav Madland, Applied Autonomy and Dries Declercq, De Lijn)
- **Operational Design Domain and Road Classification** (with invited pitches from Risto Kulmala, Traficon, and Lina Konstantinopoulou, EuroRAP)
