Why 3900

Based on the best available information, tiger populations are stable or increasing in India, Nepal, Bhutan, Russia and China. An estimated 3,900 Tigers remain in the wild, but much more work is needed to protect this species if we are to secure its future in the wild.

Consequently we did not only match the number of the collection with the number of Tigers living in the wild, we are also dedicated to help these majestic creatures and create a positive impact by donating 5 % of the accumulated revenue to the WWF.

THE COMMUNITY

New experiences. True connections.

There is no power for change greater than a community discovering what it cares about. After the successful launch of our sold out collection, new people are joining everyday and it's been incredible to watch the community come together, talk, listen, and learn from each other in real-time, building connections, and meeting new people.

THE CAUSE

Business Incubator - together we succeed

The TTC is mainly created to help young startups innovate and grow through education and access to investors. We are committed to delivering the most innovative and focused platform for young business founders and artists and our utmost priority is to having a network of like-minded business owners and investors who can help you build connections and professional relationships with people who can share, empathize, and advise on your experiences. To sign up for a business incubator, you will need to apply and get accepted into our incubator program. The application process is comprised of a few steps: Apply, interview, decision.

ICONIC CHARACTER

Our motivation is our most valuable commodity. Multiplied only by action, its value fluctuates with how we invest our attention. Quotes and words have the power to make us feel truly seen, heard, and uplifted in a way that few things can, and one of the best places to find them is on social media.

Tigers are one of the most popular animals in the world. They're fiercely independent, and they're known for their strength and power.

TYCOON TIGERS CLUB

The Tycoon Tiger is an extremely wealthy businessman and a personification of strength, majesty and independence. Born to be a leader. He is noble and symbolises confidence and fearlessness and is respected for his courage.

My dream is for this Tiger to become an iconic figure in the world of powerful quotes and motivation. Instead of a Billionaire in the background, I want this Tiger floating all over the Internet and used by people outside of our community.

Motivational posts with the Tycoon Tigers on social media shall unleash the inner beast and pump the intentions and motivation.

IMPACT THE WORLD AROUND YOU

Locaided App

■ First investment and utility

Locaided is a social network web2 app built on the concept of enabling people to be aware of everything always happening in their surroundings. Locaided provides a way to cut through the noise of the modern world and gives you access to the opportunities and interactions that exist all around you in your own neighborhood.

Launch Date
24.09.2022

Locaided

One app. Countless opportunities.

Not every hero needs a cape, but they do need Locaided.

An App that brings the world around you to life

LOCAL LIVE FEED

Whether you want to attend a local event, announce a major event yourself or you are looking for a helping hand or want to be a helping hand, LOCAIDED brings the resources of a community together. As a unique feature, the Local Live Feed shows your local surroundings coming to life with posts from LOCAIDED users within a 3-15 mile radius bursting onto your timeline the minute you set foot in an area.

ELC - Evidence Life Feed Camera

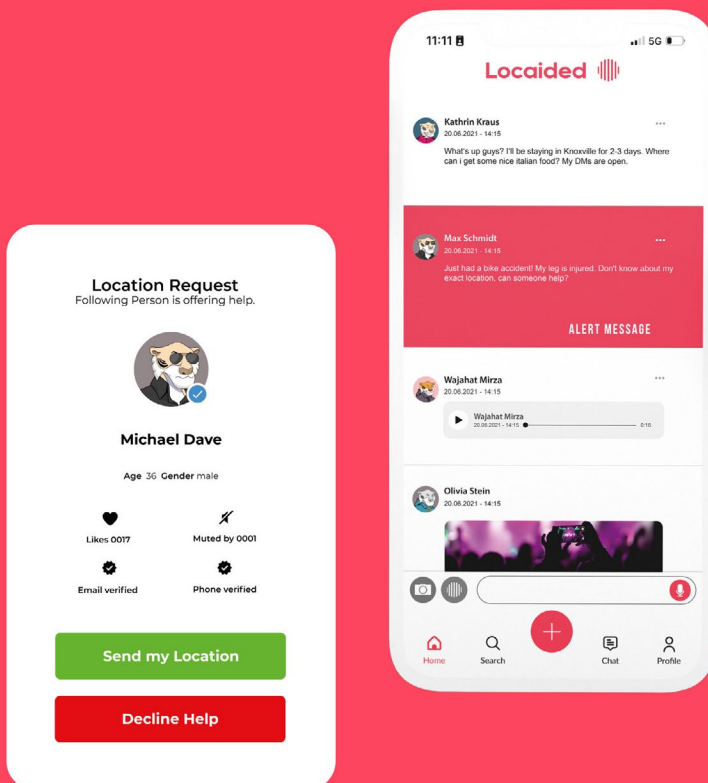

The camera is quite unique! A unique barcode is attached to all pictures and videos uploaded by users with their current location, date, and time. This creates a fully searchable location and a time-frame-specific map of a neighborhood, keeping locals and visitors aware of what's happening in the world around them.

Creating synergies and value

The Development of the app already started in November 2020 by the same Founder Wajahat Mirza who is also managing the Tycoon Tigers Club.

That being said, the Team decided to create synergies between both projects because the value and performance of both companies combined will be greater.

In order to achieve that, for starters, a small collection of unique and separately created Tycoon Tigers, will be set as default profile pictures for new users who download the Locaided app. Much more is in planning.

The Team

Great things in business are never done by one person.

Wajahat Mirza

Founder and Creator, TTC
CEO at Secure Standards

From a young age, Wajahat has channeled his ambition into entrepreneurship. He boasts over 20 years of experience in business. From his first company in VIP services to his current venture at Secure Standards, Wajahat is keen to deliver even in serving VIP guests with high demands. Customer satisfaction is always top priority. Secure Standards provides security services: the best people making use of the best technology. With his experience in both community relations and security, it is no wonder his next steps turn to the creation of a state-of-the-art neighborhood app, maximizing our sense of community and security.

Dr. Jörg Zirener

Advisor, Tycoon Tigers Club
Senior MD and Partner - One Equity Partners

Dr. Zirener joined OEP in 2006 and is a Senior Managing Director based in Frankfurt. During his tenure at OEP, Dr. Zirener worked on numerous investments in the packaging, IT services, technology, chemical and healthcare industries. Dr. Zirener is a member of the Board of Directors of DWK Lifescience Group, Lutech, Neology, Verimatrix, MCL and Bibliotheca and has previously been a member of the Board of Directors of Smart-rac, Constantia Flexibles, Engineering and Duropack.

Dr. Zirener also started his own business focusing on the 2006 FIFA World Cup in Germany.

Ahsen Razzaq

Creative Director, Tycoon Tigers Club
Deputy Branch Manager Hamburg - SSF Ingenieure AG

From an early age, Ahsen has been skillful with his hands and creative in his thinking. He always loves to think outside of the box and believe in funny ideas. Just like Albert Einstein once said, „If at first the idea is not absurd, then there is no hope for it“. This approach motivated him to become an engineer and an avid craftsman.

As a bridge designer, the conceptualisation of ideas is not only his passion but has been his daily work for over 15 years. In addition to this he has been working as a script writer and producer for an international TV Channel since 2011. With his perfectionist approach to implementing new ideas, he is a valuable asset for our company.

Joe Ruiz

Contributing Artist, TTC

Joe Ruiz is a classically trained artist that worked in oil paint for years. During the US economic downturn of 2007, he picked up digital art as a side hustle. He's been doing it professionally ever since. Illustrator to numerous books, board game art and apparel designs, he entered into the world of nft's in the summer of 2021. Since then, he's been a featured artist on Paradise Trippies nft project and helmed his own project called TOTA: Tribes of the Aftermath. He is comfortable working in both hand drawn, and now 3D, digital art.
