

**We Shall Not Be Removed  
UK Disability Arts Alliance**

**CALL OUT FOR VIDEO SUBMISSIONS  
DEADLINE: Wednesday 21st April 8pm**

We are looking to put a short video together which shares our varied views regarding the government's proposed Covid Certification Status - or 'Vaccine Passports' as they are widely termed.

You can view the official response that We Shall Not Be Removed provided to the government during the official 'Call for Evidence' phase by clicking the following link to our website: <https://www.weshallnotberemoved.com/2021/03/29/weshallnotberemoved-statement-to-the-government-regarding-covid-19-vaccine-passports/>

Our in-house resident filmmaker Revell Dixon is putting together a video compilation of our members' views on this topic.

We ask that videos be filmed in **landscape**, are filmed in a **well lit space** with **no background audio**, and are **no longer than 2 minutes**.

**Below are some prompt questions which you could respond to in your video:**

1. Will vaccine passports makes you feel safer attending events again?
2. Are you concerned that vaccine passports might end up excluding disabled people from attending events?
3. Will other measures be needed alongside vaccine passports too make you feel safe attending events again?  
(Other measures include social distancing, testing, masks etc)

Once you have recorded your video, please email it to us via WeTransfer.

Please email the video to the following email addresses:
