

Real life superheroes:

All about a vet.

What is a vet?

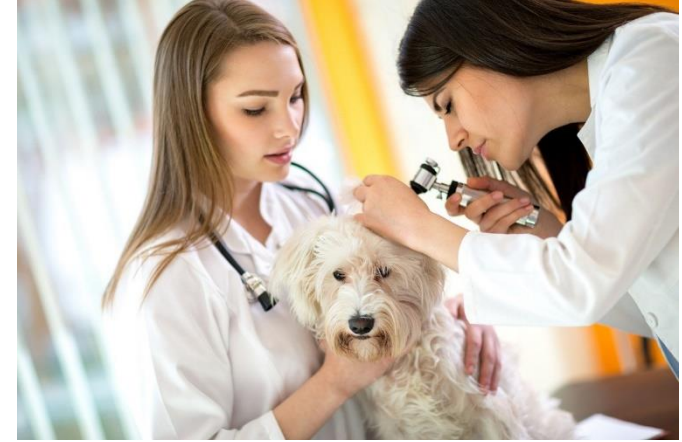

A vet is someone who looks after animals. These animals might be poorly or injured. A vet is like a doctor for animals.

What Does a Vet Do?

A vet has to do lots of different things. They:

- Look after animals.
- Check that animals are healthy.
- Give poorly animals injections or medicine.
- Do tests on animals to check what is wrong.
- Do operations on poorly animals.
- Teach people how to look after their animals.

What special qualities do vets need to have?

Vets are 'real life superheroes' because they help animals get better when they are hurt or sick. They help our pets and wild animals too.

Vets need to:

- Love animals.
- Be caring.
- Be gentle.
- Know lots of important information about lots of different animals.
- Be friendly.
