

# Real life superheroes:

Teachers.

Teachers teach you,  
they help you learn  
and they look after you  
at school.

**What teachers do  
you know?**  
*Discuss how they have  
helped you.*

# What do teachers do?

- Teachers plan lessons.
- Teach you new things.
- Help you with your learning.
- They look after you.
- They meet with parents.

# Activity:

Think about how your teachers help you learn.

What things do they say? What do they use? How do they make sure they help everybody in the class?

Create a classroom in your home, where you are the teacher.  
Roleplay the things teachers do that help children in their class.
