

Did you know, 1.4 million bananas are thrown away every day in the UK?

Please support the Waste Wizards with their new pupil venture - 'The No Waste Space'

This term, year 5 (our very own 'Waste Wizards') have been learning about food waste and the significant impact it has on our planet. To support their learning, each class has been involved in cooking recipes that help use up commonly wasted foods. Our community food shop, 'Bwyd i Bawb' have kindly passed on surplus foods that would otherwise go to waste, which we have created into recipes and sold to parents and carers. The pupils would now like to take their project further and open a café on our school yard. The café will give other pupils a chance to enjoy their produce and also give year five the experience of running an enterprise.

Pupils will be opening their new café, 'The No Waste Space' on Wednesday break time and it will be available for all year 5 pupils.

Please see Wednesday's Menu on the right-hand side of this page, including prices of each item. If your child would like to purchase anything from the menu, we kindly ask that they bring the correct money to school. Please see all our ingredients for each of our products on the back of this leaflet.
