

SEAMLESS ACOUSTICS

Rockwool® Mono

Perfect for ceilings and walls, the innovative monolithic surface delivers outstanding acoustic comfort and fire protection. These look good either **flat** or **curved** and **direct** or **suspended installation**. It is the perfect design solution for new-build or renovation projects alike. The refined white surface provides high light reflection and **light diffusion**, ensuring even **light distribution** and reducing the need for artificial light.

AMF Tacet

Tacet suspended ceilings are joint less, homogeneous and reduce noise. Unlike competitive products, the AMF Tacet system has the advantage that the joints do not require filling.
