

**You have a talent for finding the right ingredients
– for all of your projects?**

**We are looking for a
Project and Supply Chain Manager (m/f/x)**

The Essentials

Title:	Project and Supply Chain Manager
Reporting:	Direct line to Managing Director
Location:	Heidenheim a.d. Brenz (Germany) + remote (hybrid work model)
Travel:	Required on a project basis
Employment:	Full- or part-time (min. 80 %)
Industry:	Pharmaceutical industry
Starting:	At the next possible date

You will be implementing and managing the supply chain, logistics, order processing, and operations in all administrative and organizational aspects to guarantee smooth transactions. Yonsung GmbH is a highly matrixed organization, and the role requires effective interpersonal and communication skills.

The Recipe: Your Key Duties and Responsibilities

- Management and build-up of Supply Chain and Logistics
- Evaluation of additional/new contract manufacturers
- Negotiations with contract manufacturers, forwarding agents, warehouses, etc.

- Review or update of supply chain practices in accordance with new or changing environmental policies, standards, regulations, or laws
- Monitoring supplier performance to assess their ability to meet quality and delivery requirements
- Support in cost calculations
- Ensuring and verification of profit-split settlements with distribution partners
- Collaboration with other departments, such as Business Development, Regulatory Affairs, Quality Assurance, Finance, etc. – ensuring all department heads are fully informed of operational objectives
- Advising and supporting the management on key planning issues and providing recommendations on important business decisions
- Possibly support of participations in health funds and other tenders

The Main Ingredients: Position Requirements

For this position, we are looking for you, an initiative person with strong organizational skills. You are able to support with professionalism in a highly competent manner in a demanding start-up phase. Additionally, you have:

- Commercial apprenticeship or comparable education
- Knowledge of supply chain and logistics in the pharmaceutical industry
- 5+ years experience in a pharmaceutical company within an international business environment
- Excellent (oral and written) German and English language skills
- Attention to detail and high level of accuracy
- The ability to lead, plan, and manage changes and adjustments

That Certain Something: Desired Extra Skills and Characters

Apart from the strict confidentiality in the performance of your tasks, you will convince us with:

- A strong initiative
- Strong organizational, negotiation and time management skills
- A sense and sensitivity for different cultures and generally a respectful interaction
- The ability to set priorities
- Good communication and interpersonal skills
- The flexibility to work in a highly matrixed and multicultural organization.
